

## 2005 ASSEMBLY BILL 345

April 22, 2005 – Introduced by Representatives M. WILLIAMS, PETROWSKI, TURNER, HAHN and ALBERS, cosponsored by Senators DECKER, BRESKE, COWLES and A. LASEE. Referred to Committee on Natural Resources.

1     **AN ACT** *to amend* 95.55 (2) and 95.55 (5) (b); and *to create* 95.55 (3c), 95.55 (5)  
2           (bg) and 95.55 (5) (br) of the statutes; **relating to:** acreage requirements for  
3           areas in which farm-raised deer that may be hunted are kept and transfers of  
4           registration certificates for keeping farm-raised deer.

### ***Analysis by the Legislative Reference Bureau***

Under current law, the Department of Agriculture, Trade and Consumer Protection (DATCP) administers the laws that regulate farm-raised deer of any species and that require the registration of owners of farmed-raised deer. Under current rules promulgated by DATCP, a registration certificate authorizing a person to keep farm-raised deer is not transferable to another party. This bill specifically authorizes an individual to transfer his or her registration certificate or his or her ownership interest in a deer farm to a member of his or her immediate family.

Under current law, an owner of a deer farm may not charge a fee for hunting deer on the farm unless the deer to be hunted are confined in a contiguous area of 80 acres or more. This bill creates an exemption to this minimum acreage requirement. Under the bill, if the deer farm was licensed by the Department of Natural Resources (DNR) under previous law and if other requirements are met, the contiguous area may be less than 80 acres but may not be less than the area authorized under the DNR license. Also, if an individual who owns a deer farm previously licensed by DNR transfers his or her registration certificate or his or her ownership interest to a member of his or her immediate family, the reduced acreage exemption continues to apply.
