Good morning!

Sorry I haven't gotten back to you; I'm still struggling with this amendment. I've consulted researchers in our AFSCME International office in Washington D.C., about this, and here's what I have so far:

2 separate amendment ideas

(1) The first is to require that any entity that provides Family Care services employ public employees who are hired through a civil service system.

The second amendment is to require that any entity that enters into a contract with the state or county to provide Family Care services be subject to Wisconsin's open meetings and open records laws.

Let's talk.....

Thank you very much for your interest and cooperation.
