Description

Identification and cleanup of properties that are environmentally contaminated; properties with residual contamination; modifying the environmental remediation tax incremental financing program; exempting local governmental units from solid waste management standards with respect to certain properties; the liability of certain persons for environmental contamination on property on which a cleanup has been conducted; and granting rule-making authority

## **Assumptions Used in Arriving at Fiscal Estimate**

The proposed legislation authorizes DATCP to put restrictions on future land use of properties in question. The Department already has authority to do that so there would be no additional workload.

**Long-Range Fiscal Implications**
