

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-0048/1dn
ARG:kjf:rs

September 9, 2004

I have drafted the attached bill to put the rebasing of special plates for disabled veterans on the same schedule as the rebasing of most other special plates, rather than creating a seven-year design interval for these plates that starts from a date other than July 1, 2000. While this means that these special plates must be redesigned for issuance after July 1, 2007, even if, as a result of enactment of the bill, a new design is formulated in 2005, thereafter these plates will be on a uniform schedule with other plates required to be redesigned.
