Fiscal Estimate Narratives DOT 2/28/2006

LRB Number 05-4268/1	Introduction Number	AB-1040	Estimate Type	Original			
Description							
The erection of outdoor advertising signs in areas zoned for commercial or industrial activity							

Assumptions Used in Arriving at Fiscal Estimate

- 1. Assume that this legislation allowing this sign and similar signs means that Wisconsin will not have effective control of signs as required by federal rules and law.
- 2. Assume that Wisconsin will lose 10% of federal highways aid if this legislation is adopted. This is approximately \$60 million in lost aid.
- 3. Assume since the bill contains language, "Allowing the sign(s) will not result in reduction of federal highway aid to the state," no sign will be allowed by the Department or a local government so the state will not lose any federal highway aid.
- 4. Approximately \$2000 of additional staff time would be required to deal with the complications caused by this bill, even though the bill would have no practical impact on the specific sign(s) at issue.

Long-Range Fiscal Implications

Wisconsin will not lose 10% of federal highways aid each year since no sign causing the state to lose federal highway aid will be be permitted or authorized by the Department. There may be some costs due to staff dealing with contradictory statutory provisions and impacts on other sign regulation.
