## Fiscal Estimate Narratives

### Assumptions Used in Arriving at Fiscal Estimate

The State Public Defender (SPD) provides legal representation in criminal cases and other specified proceedings in which the loss of personal liberty or parental rights may occur. For adult clients, the SPD must complete a financial eligibility evaluation before appointing an attorney. SPD services are constitutionally required because in the case types handled by SPD, a defendant without the financial means to hire an attorney has the right to have an attorney appointed. Therefore, any bill that would increase the number of cases handled by SPD would increase SPD costs.

This bill creates new criminal offenses for which SPD will be required to appoint attorneys.

Increased costs to counties will result from appointment of counsel for defendants ineligible for SPD, but constitutionally entitled to representation under State v. Dean. Incarceration costs will also increase for defendants held in jail (both pending court hearings and serving sentences).

We are not aware of any existing data to predict the number of new cases resulting from this bill, but we could track this number in the future.

### Long-Range Fiscal Implications
