Description

Creating the Private Health Insurance Purchasing Corporation of Wisconsin, establishing a health insurance purchasing arrangement through the use of private accounts for all state residents, adopting federal law as it relates to health savings accounts for state income and franchise tax purposes, making appropriations, and providing a penalty

Assumptions Used in Arriving at Fiscal Estimate

The bill as written does not appear to affect the operations of OCI. It is less certain what the effect of this bill would be on insurer license fees or insurer franchise taxes. This is due primarily to the bill's lack of a funding source, which would likely determine the take up rate for the plan.

Long-Range Fiscal Implications
