LRB Number 05-1386/3	Introduction Number AB-24	Estimate Type	Original					
Subject								
Property tax exemption for property owned by a disabled veteran								

Assumptions Used in Arriving at Fiscal Estimate

Under the bill, real property not used for pecuniary profit would be exempt if it is owned by a veteran who receives at least 60% disability compensation from the U.S. Department of Veterans Affairs due to a service-connected disability or by the veteran's unmarried surviving spouse.

According to the U.S. Department of Veterans Affairs, in 2004 there were 10,988 veterans in Wisconsin receiving at least 60% disability compensation. According to the 2003 U.S. Census Housing Survey, the homeownership rate in Wisconsin is 73%. Assuming the same percentage of disabled veterans own homes as Wisconsin residents in general, 8,021 (73% x 10,988) residential parcels would be eligible for exemption under the bill.

According to the U.S. Census, the median house value was \$112,200 in Wisconsin in 2003. Based on these data, about \$900 million ($$112,200 \times 8,021$) in residential property would become exempt under the bill. At the 2003 average state property tax rate of \$20.01 per \$1,000 of property value, the bill would shift \$18.0 million in property taxes (\$900 million $\times 0.02001$) from property owned by disabled veterans to other taxpayers.

Data is not available to estimate the property tax shift due to property owned by surviving unmarried spouses of veterans.

Department costs due to revisions to the Wisconsin Property Assessment Manual would increase under the bill. The costs would be absorbed.

State forestry tax collections would decrease by \$180,000 (\$900 million x 0.0002) under the bill.

Long-Range Fiscal Implications
