

Fiscal Estimate Narratives

DNR 1/10/2006

LRB Number	05-3936/2	Introduction Number	AB-905	Estimate Type	Original
Description Issuing resident fishing licenses, resident small game hunting licenses, and resident deer hunting licenses to certain students attending colleges or universities in this state					

Assumptions Used in Arriving at Fiscal Estimate

Bill Summary:

This bill would allow nonresident full-time students attending a college in this state that offers an associate degree to purchase resident fishing, small game hunting or deer hunting licenses. Current law allows nonresident fulltime students attending a college that offers a bachelor degree this privilege.

Fiscal Estimate:

For the 2005 license year, approximately 800 nonresidents qualified for the resident rates based on attending a school with a bachelor degree. It's logical to assume that a similar number of students attending a school offering an associate degree will take advantage of this law change. However, it may also create new sales to some who did not purchase any privileges in the past since they did not qualify for the resident rates.

Long-Range Fiscal Implications

Unknown.
