Subject		
Higher education scholarships; eligibility of vocational diploma students		

Assumptions Used in Arriving at Fiscal Estimate

This bill extends eligibility for a higher education scholarship to a student enrolled in an approved two-year, full-time vocational diploma program at a Wisconsin technical college.

The total number of students eligible to be designated Academic Excellence Higher Education scholars is fixed by the statutes and depends on the number and size of high schools in Wisconsin.

Although the bill would permit students designated as Academic Excellence Higher Education scholars to pursue an alternative postsecondary educational option at a Wisconsin technical college, overall, no additional students would be made eligible for scholarships under the provisions of this bill.

Long-Range Fiscal Implications

No additional costs would be incurred by the technical college system or the higher educational aids board as a result of the proposed change.
