Description Limiting the scope of county zoning authority over commercial establishments		

Assumptions Used in Arriving at Fiscal Estimate

If enacted this bill would significantly limit the types of activities that could be included in county zoning ordinances or in a county site plan review with regard to a commercial establishment and its property.

The local fiscal effect is indeterminate.

This legislation would have a broad impact on current zoning authority in many jurisdictions in the state including all county zoning ordinances and town governments who have adopted county zoning.

Determining the fiscal impact, however, is not possible because of the difficulty of determining the total number of affected jurisdictions and fiscal impact of each of the activities that would be prohibited by the proposal.
