Assembly Bill 64

Relating to: polling hours.

Concurrence.

Ayes, 5 – Senators Reynolds, Lazich, Kanavas, Hansen and Carpenter.

Noes, 0 – None.

THOMAS REYNOLDS
Chairperson

PETITIONS AND COMMUNICATIONS

State of Wisconsin Legislative Audit Bureau

April 19, 2005

The Honorable, The Senate:

As requested by the Joint Legislative Audit Committee, we have completed a review of the physician office visit data (POVD) program administered by the Department of Health and Family Services (DHFS). Chapter 153, Wis. Stats., directs DHFS to collect, analyze, and disseminate certain types of health care information. The POVD program is intended to provide a centralized, statewide source of information for outpatient health care services delivered in physician offices.

The program is funded by fees levied on physicians who are licensed and practicing in Wisconsin. Since fiscal year (FY) 1999-2000, DHFS has spent more than \$2.9 million to administer the POVD program and related projects. It is authorized 12.28 full-time equivalent positions for all health care data collection activities, but only 6.2 full-time equivalent DHFS staff worked on physician-related projects, including the POVD program, in FY 2003-04.

We found numerous problems with the program, including serious concerns with the quality, comparability, and comprehensiveness of the data. For example, there are inconsistencies in reported charges, service delivery locations, and types of services being provided. Further, DHFS is collecting information from 13 medical practice groups, representing only 30.9 percent of Wisconsin physicians, and has released data only for 2003. The data it has released have been of limited usefulness to researchers and health care professionals, although this results in part from statutory and other restrictions on data release. DHFS has yet to produce information that is usable by the general public.

In 2005 Assembly Bill 100, the Governor has proposed creating a new Health Care Quality and Patient Safety Board in October 2005. The proposed Board would be responsible for recommending changes to the POV program, with the goal of replacing it with a new health care information system by July 2007. As it debates the Governor's proposal, the Legislature may wish to direct DHFS to address concerns with the POV program; alternatively, the Legislature may choose to eliminate the program immediately.

We appreciate the courtesy and cooperation extended to us by DHFS staff as we conducted this review.

Sincerely,

JANICE MUELLER
State Auditor

**State of Wisconsin
 Department of Health and Family Services**

April 15, 2005

The Honorable, The Legislature:

The Department of Health and Family Services is pleased to submit to the Governor and the Legislature the Wisconsin Tobacco Prevention and Control Program, 2005 Annual Report. The report is required by [2003 Wis. Act 33](#), SB 44, Section 2462, 255.15(4).

Sincerely,
 HELENE NELSON
 Secretary

**State of Wisconsin
 Department of Health and Family Services**

April 13, 2005

The Honorable, The Legislature:

[1999 Wis. Act 113](#) established requirements intended to strengthen protections for children from harmful lead exposures in their homes. The provisions require, among other things, that the Department develop and maintain a statewide registry of lead-free and lead-safe housing, develop the standards that properties must meet to be certified lead-free or lead-safe, and implement the voluntary and mandatory provisions of the registry.

Attached is the final report to the legislature, as required by [1999 Wisconsin Act 113](#), Section 32, (9c)(a), that provides the required facts about activities related to reducing lead-based paint hazards in residential property. The report evaluates the successes or failures of Act 113 and rules promulgated under Act 113, in reducing the incidence of lead poisoning in children. The report also provides recommendations for statutory language changes needed to further the goal of eliminating childhood lead poisoning in Wisconsin.

Questions about this report may be referred to Shelley Bruce with the Division of Public Health, at 608-267-0928.

Sincerely,
 HELENE NELSON
 Secretary

**State of Wisconsin
 Department of Revenue**

April 18, 2005

The Honorable, The Legislature:

I am submitting the quarterly report of the Wisconsin Lottery for the quarter ending March 31, 2005. As required by s.

[565.37\(3\)](#), Wis. Stats., the attached materials contain unaudited Wisconsin Lottery year to date revenue and expenditure information.

Total operating revenues for the year, as of the quarter ending March 31, 2005, were \$331.7 million, down \$33.9 million from the same period last year. Powerball sales alone account for \$27.9 million, or 82 percent of the decline. Powerball sales are lower than projected due to the absence of any large jackpots. Instant ticket sales, which were down the first two quarters, were up \$2.0 million for the third quarter.

The information reported here is a summary and is not intended to be a complete financial accounting of Wisconsin Lottery operations.

If you have any questions or comments regarding this report, please feel free to contact me at (608) 266-6466.

Sincerely,
 MICHAEL L. MORGAN
 Secretary

**State of Wisconsin
 University System**

April 14, 2005

The Honorable, The Legislature:

Each April, the UW System submits the Annual Minority and Disadvantaged Student Report to the Governor and the Chief Clerk of each house of the Legislature, as required by Wisconsin Statutes. The 2003-04 Minority and Disadvantaged Student Annual Report fulfills the requirement in Section [36.25 \(14m\)\(c\)](#) of the Wisconsin State Statutes that the Board of Regents report annually by April 15 on its pre-college, recruitment, and retention plan for multicultural and economically disadvantaged students. This is the sixth minority and disadvantaged student annual report under the Board of Regents-approved Plan 2008: *Educational Quality Through Racial and Ethnic Diversity*. The information contained in this report responds to the statutory requirement, and reflects some, but not all, of the initiatives and activities in Plan 2008. The report includes the following information:

- Summary information on pre-college initiatives and activities;
- Expenditures for student-of-color and disadvantaged-student programs; and
- Student financial assistance data.

At its meeting on April 8, 2005, the Board of Regents accepted the attached report for submission to the Governor and the Chief Clerk of each house of the Legislature for distribution to the appropriate standing committees under s. [13.172\(3\)](#). The attached report fulfills the requirements of this statute.

As the UW System submits the 2003-04 report, we want to make some additional comments regarding both the content and the context of this document. The UW System takes very seriously its responsibility to provide access to quality public education for all Wisconsin citizens. This is especially true for the ethnic, racial, and financially disadvantaged groups who have historically been most excluded from the opportunity to pursue postsecondary education. Such exclusion has not only denied them the advantages of higher education, but it has also deprived the State of Wisconsin of additional educated citizens who contribute to the state. Improving access and opportunity for minority and disadvantaged students is not only the right thing to do; it is also in the best interests of a state that lags behind its neighbors in terms of baccalaureate degree-holders, who contribute to the economic, social and cultural well-being of the state.

It is in this context that we would like to point out two areas of concern as we fulfill our statutory responsibility and submit the M & D report to the Governor and the Legislature:

1. Funding constraints due to state budget cuts; and
2. Uncertainty of federal funding for TRIO, Gear-Up and financial aid.

We recognize that the Governor and both houses of the Wisconsin Legislature have expressed their abiding commitment to funding core functions of the UW System. Yet we also know that continuous declines in state funding over the past several biennia have had a severe impact on UW institutions. That impact extends to our most vulnerable student and prospective student populations: students of color and economically disadvantaged students. Simultaneously, the threat of decreases in federal financial aid programs exacerbates the situation by posing greater challenges to UW institutions to provide access to all Wisconsin students and foster persistence, particularly for students of color and economically disadvantaged students. For the first time in decades, several UW institutions have lost their federal TRIO funding, and we worry about this ominous precedent. We are further concerned that other financial aid programs, most notably the Lawton and the AOP programs, on which the UW System institutions depend to support their most under-represented students are also vulnerable.

As our nation and our state engage in debates about the role of government in the funding of higher education, we should not lose sight of the goals of American higher education to be a public good, funded by society as a whole, and not just available as a private good to only those who can afford it.

If you need additional information regarding this report, please contact Cora B. Marrett, Senior Vice President for Academic Affairs, at 262-3826. Thank you for your consideration.

Sincerely,

KEVIN P. REILLY
President

ADVICE AND CONSENT OF THE SENATE

State of Wisconsin Office of the Governor
