**State of Wisconsin
Legislative Audit Bureau**

May 4, 2005

The Honorable, The Legislature:

We have completed an evaluation of management of the State's vehicle fleet, as requested by the Joint Legislative Audit Committee. The Department of Administration (DOA) has primary responsibility for fleet management, including establishing policies for the acquisition, use, maintenance, and sale of fleet vehicles.

As of December 31, 2004, the State owned 6,669 fleet vehicles, a reduction of 13.8 percent since 2001. Agencies either own these vehicles or lease them from DOA; five agencies—DOA, the Department of Natural Resources, the Department of Transportation, the University of Wisconsin—Madison, and the Department of Corrections—are assigned nearly three-quarters of the fleet. Sedans and station wagons are the most commonly owned vehicles, followed by pick-up trucks and passenger and cargo vans. A vehicle reduction initiative announced by the Governor in June 2004 generated gross revenue of approximately \$3.5 million through March 2005, but it is

unclear how much of this revenue will be available for deficit reduction because of sales costs and outstanding debt on vehicles sold.

We found that several state agencies are not appropriately enforcing the minimum driving standards for individuals who use fleet vehicles, in part because of DOA's limited guidance. We also found that Wisconsin's standard reimbursement rate for employees who use privately owned vehicles to conduct state business, \$0.325 per mile, is within the range paid by other midwestern states.

We make several recommendations to improve fleet management, including better monitoring of vehicle leases and rentals, improving the procurement process, fully implementing fleet-management software, and improving the process for responding to complaints about inappropriate vehicle use. In addition, we include a recommendation for DOA to better monitor mileage reimbursements by employees who make personal use of fleet vehicles. DOA will likely pay a forfeiture of approximately \$35,000 to the Internal Revenue Service for past underpayment of these mileage reimbursements, and steps should be taken to avoid additional forfeiture payments in the future.

We appreciate the courtesy and cooperation extended to us by DOA staff, as well as by staff in the other agencies and campuses we contacted. DOA's response follows the appendices.

Sincerely,

JANICE MUELLER
State Auditor

Pursuant to Senate Rule 17 (5), Senator Roessler removed as a coauthor of **Senate Bill 87**.
