- 1 AN ACT *to create* 48.415 (11) of the statutes; **relating to:** termination of parental 2 rights on the grounds of manufacturing methamphetamine with a child of the 3 person whose parental rights are sought to be terminated present.

Analysis by the Legislative Reference Bureau

Under current law, the parental rights of a parent to a child may be terminated involuntarily on various grounds including the ground that the parent has committed a serious felony, such as homicide, assault, or sexual assault, against a child of the parent. This bill permits the parental rights of a parent to a child to be terminated involuntarily on the ground that the parent has manufactured methamphetamine with a child of the parent present. Under the bill, this ground must be established by proving that the parent has been convicted of manufacturing methamphetamine or a controlled substance analog of methamphetamine and that a child of the parent was present when the methamphetamine was being manufactured.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
