RE: Clearinghouse Rules Referral

The following Clearinghouse Rule has been referred to your committee.

### **CLEARINGHOUSE RULE 04-125**

AN ORDER to repeal VE 10.05 and 10.06; to amend VE 1.02 (intro.), 7.055 (title), (intro.), (1) and (2), 7.06 (22), 9.035 (title), (intro.), (1) and (2), 9.05 (12) and 10.01; and to repeal and recreate VE 10.02, 10.03 and 10.04, relating to renewal, conduct, and continuing education for veterinarians and veterinary technicians.

Submitted by **Department of Regulation and Licensing.**

Report received from Agency on **May 13, 2005.**

To committee on **Agriculture.**

Referred on **Monday, May 23, 2005.**

Last day for action - **Wednesday, June 22, 2005.**

Under section 227.19 (4) of the Wisconsin Statutes, your committee has 30 days to take action or get an extension. The day **after** the official referral date is day one of your review period. Therefore, the 30th day should fall four weeks and two days after the referral date. For example, for Clearinghouse Rules referred on a Monday, a Wednesday would be your 30th day. For Clearinghouse Rules referred on a Tuesday, a Thursday would be your 30th day. For Clearinghouse Rules referred on a Wednesday, a Friday would be your 30th day. For Clearinghouse Rules referred on a Thursday or Friday, your 30th day would fall on a weekend. Therefore, your time would expire on the next working day (Monday) as provided for in s. 990.001 of the Wisconsin Statutes. Also, if the 30th day falls on a legal holiday, time would expire on the next working day.

Section 227.19 **requires** you to notify each member of your committee that you have received this Clearinghouse Rule. Although some committee chairs choose to do so, you are not required by law or rule to send a copy of the text of the rule to each member at this time. Instead, your notice could state that members should contact you if they wish to receive a hard copy of the rule. Another option would be to email the rule to members. **(Please note that the text of Rules beginning with the prefix "01" is available online in the Clearinghouse Rules infobase in FOLIO.)** Please put a copy of your official notification memo in the rule jacket.

Three copies of the Clearinghouse Rule and its accompanying documents are contained in the jacket. If you wish to have your Legislative Council attorney review the Clearinghouse Rule, send him/her a copy. I only need one copy remaining in the jacket when you report it out of committee at the end of the review period.

The identical process is happening simultaneously in the Senate. Keep track of their action on the rule.

For assistance with the Clearinghouse Rule process, please consult Kay Inabnet (6-5550) or your Legislative Council attorney. If you wish to learn more on this subject, read *Review of Administrative Rules* which is part of the Legislative Council's Wisconsin Legislator Briefing Book series, section 227.19 of the Wisconsin Statutes or part 2 of the *Administrative Rules Procedures Manual* written by the Revisor of Statutes Bureau and the Wisconsin Legislative Council staff.

**I. THE PROPOSED RULE:**

The proposed rule, including the analysis and text, is attached.

**II. REFERENCE TO APPLICABLE FORMS:**

No new or revised forms are required by these rules.

**III. FISCAL ESTIMATES:**

The Department of Regulation and Licensing has determined that this rule has no significant fiscal effect on the private sector. The proposed rule will have no impact on the department's funds.

**IV. STATEMENT EXPLAINING NEED:**

2003 Wisconsin Act 103 created continuing education for veterinarians and veterinary technicians in Wisconsin and granted rule-making authority to the Veterinary Examining Board to require training and continuing education sufficient to assure competency of veterinarians and veterinary technicians in the practice of veterinary medicine.

In this proposed rule-making order the board sets forth requirements for continuing education applicants attesting to continuing education completion on license renewal applications to the department, defines program and course approval standards, program and course content prerequisites, and subject matter acceptability requirements. These proposed rules limit the circumstances under which a continuing education waiver may be granted, describes the consequences resulting from failure to complete the continuing education requirements on time, and what is allowed when the department audits continuing education. For course providers, it explains what is required for courses and programs to be approved, validation, monitoring, certification and recordkeeping requirements.

**V. NOTICE OF PUBLIC HEARING:**

A public hearing was held on December 1, 2004. The following individuals appeared and provided testimony:

Teri Raffel, CVT, Legislative Committee Chair speaking as the representative of the Wisconsin Veterinary Technician Association, Madison, WI  
Rachel C. Rothschild, Assistant Dean, School of Veterinary Medicine, Madison, WI  
Bob Klostermann, Wisconsin Veterinary Medical Association as the chairperson of its Legislative Committee, Madison, WI  
Dale Bjorling, DVM, President, Wisconsin Veterinary Medical Association, Madison, WI (also present Ms. Leslie Grendahl)

Written comments were received from Margo Meyers, DVM, Superior, WI

## **VI. MODIFICATIONS MADE AS A RESULT OF PUBLIC HEARING TESTIMONY:**

In s. VE 7.055 the word “credential” was changed to “license.”

In ss. VE 7.06 (22) and 9.05 (12), the number of hours of acceptable continuing veterinary medical education in the use, handling, distribution and disposal of pesticides was changed from “4 hours” to “one hour.”

Notes were added after ss. VE 7.06 (22) and 9.05 (12) to clarify that veterinarians and veterinary technicians are required to sign statements on their renewal applications certifying compliance with continuing education requirements.

## **VII. RESPONSE TO LEGISLATIVE COUNCIL STAFF RECOMMENDATIONS:**

Comment 1. When reading s. VE 10.02 (8) (b) in conjunction with s. VE 10.03 (3) (b), it appears that the board intends to grant continuing education credit to veterinarians or veterinary technicians who report having read medical or scientific journals on their own, not as part of a correspondence course or in any way supervised by anyone other than the veterinarian or veterinary technician applying for license renewal. Is this the intent of the rule? If so, has the board considered whether this meets the statutory requirement that the board may not renew a veterinary license or veterinary technician certification unless the applicant certifies that he or she has completed the required number of hours of continuing education *programs or courses approved* by the board (emphasis added)?

Response: The board interprets the term “programs or courses” to include course work obtained through alternative delivery methods, such as by reading medical or scientific journals. The board also concluded that this method of obtaining education is a common and established method in the profession.

Comment 5.b. The rule should specify what the board will accept as “documentation” under s. VE 10.02 (1) (c) and (2) (c). Also, must documentation be provided to the board? Is the documentation referred to in s. VE 10.02 (1) and (2) different than the documentation referred to in s. VE 10.02 (8)? Since s. VE 10.03 (1) (b) requires each continuing education program or course provider to furnish a certificate of attendance to each participant, has the board considered requiring each applicant for license or

certification renewal to provide a copy of a certificate received for each class attended when applying for a license renewal?

Response: The type of documentation that the board will accept for proof of completion of continuing education requirements is identified in s. VE 10.02 (8). Under that subsection, a licensee or certificate holder will be required to submit documentation only if audited by the board.

Comment 5.c. Section VE 10.02 (5) requires that continuing education requirements be completed during the two-year licensure period. However, s. VE 9.035, which provides for reinstatement of an expired license, states that an expired license may be renewed if, among other requirements, the continuing education requirements under ch. VE 10 are fulfilled. The rule should specify how a person whose license has expired can renew a license when the person fails to take the required classes during the two-year period.

Response: The board is of the opinion that the procedures for renewal of a certification set forth in s. VE 9.035 (1) and (2) are sufficient. However, for purposes of maintaining consistency, s. VE 10.02 (5) and s. VE 10.04 (1) (c) are amended to read:

VE 10.02 (5) Continuing education hours shall be completed during the preceding 2-year licensure or certification period.

VE 10.04 (1) (c) That the veterinarian or veterinary technician has satisfactorily completed 4 hours of acceptable continuing education in the use, handling, distribution and disposal of pesticides ~~within the 2-year period immediately preceding the application for renewal~~ during the preceding 2-year licensure or certification period.

Comment 5.d. In s. VE 10.02 (5), it is unclear which licensing period the rule refers to. Should the rule specify that hours must be completed during the two-year licensure or certification period immediately preceding the renewal date?

Response: As noted under Comment 5.c., the various sections of the rule are revised to reflect that licensees and certificate holders are required to submit evidence of completion of continuing education hours obtained “during the preceding 2-year licensure or certification period.”

Comment 5.e. Should s. VE 10.03 (3) (e) to (g) provide more specificity, such as minimum length or content requirements, for the items for which the board will grant five hours of continuing education credit under those paragraphs?

Response: This comment relates to the modalities and methods of delivery of continuing education courses. The board is of the opinion that the rule, as written, is sufficient and does not require further revisions.

The remaining recommendations suggested in the Clearinghouse Report were accepted in whole.

**VIII. FINAL REGULATORY FLEXIBILITY ANALYSIS:**

These proposed rules will have no significant economic impact on a substantial number of small businesses, as defined in s. 227.114 (1) (a), Stats.

ANALYSIS

**Statute interpreted:**

Section 453.062, Stats.

**Statutory authority:**

Sections 15.08 (5) (b), 227.11 (2) and 453.03, Stats.

**Explanation of agency authority:**

2003 Wisconsin Act 103 created continuing education for veterinarians and veterinary technicians in Wisconsin and granted rule-making authority to the Veterinary Examining Board to require training and continuing education sufficient to assure competency of veterinarians and veterinary technicians in the practice of veterinary medicine.

**Related statute or rule:**

There are no other related statutes or rules other than those listed above.

**Plain language analysis:**

The board herein sets forth requirements for continuing education applicants attesting to continuing education completion on license renewal applications to the Department of Regulation and Licensing, defines program and course approval standards, program and course content prerequisites, and subject matter acceptability requirements. It limits the

circumstances under which a continuing education waiver may be granted, describes the consequences resulting from failure to complete the continuing education requirements on time and what is allowed when the department audits continuing education. For course providers, it explains what is required for courses and programs to be approved, validation, monitoring, certification and recordkeeping requirements.

SECTION 1 amends s. VE 1.02 (intro.) to include chapter VE 10.

SECTION 2 amends VE 7.055 (title), (intro.), (1) and (2), SECTION 3 renumbers and amends VE 7.06 (22) and SECTION 4 creates VE 7.06 (22) (a) to (e) to require continuing education to be completed when a veterinarian applies to renew a license 5 or more years after it expires, and maintains the provision which states that falsely certifying compliance with the pesticide continuing education requirement constitutes unprofessional conduct.

SECTION 5 creates a Note to highlight the fact that veterinarians are required to sign a statement at the time of renewal certifying that they have complied with one of the requirements in s. VE 10.04 (1), relating to the use, handling, distribution and disposal of pesticides.

SECTION 6 amends VE 9.035 (title), (intro.), (1) and (2), SECTION 7 renumbers and amends VE 9.05 (12) and SECTION 8 creates VE 9.05 (12) (a) to (e) to require continuing education to be completed when a veterinary technician applies to renew a license 5 or more years after it expired, and maintains the provision which states that falsely certifying compliance with the pesticide continuing education requirement constitutes unprofessional conduct.

SECTION 9 creates a Note to highlight the fact that veterinary technicians are required to sign a statement at the time of renewal certifying that they have complied with one of the requirements in s. VE 10.04 (1), relating to the use, handling, distribution and disposal of pesticides.

SECTION 10 sets forth the statutory authority and purpose of new continuing education and certification requirements for veterinarians and veterinary technicians.

SECTION 11 describes and limits what the continuing education shall relate to, including provisions allowing 5 of the 30 veterinarian and veterinary technician hours on non-scientific topics, 5 hours from an education provider that is not approved under s. VE 10.03 (4) for veterinarians and 3 hours for veterinary technicians. Also, this section of the rule defines continuing education hour as 50 minutes of contact time and limits a waiver of the continuing education requirements to certain exceptional circumstances. It further limits application of credits to the preceding 2-year licensure or certification period, exempts applicants from having to report for the period prior to the first expiration date after a license is initially issued or renewed, prohibits practice as a veterinarian or veterinary technician when continuing education is not completed by the renewal date, and requires all veterinarians and veterinary technicians to maintain records

of continuing education hours for five years from the date the certification is signed. The board may conduct an audit to check for compliance with specified documentation of completion requirements. In addition, the evidence required to verify completion of continuing education hours is spelled out by delineating the criteria a continuing education program or course must meet to be acceptable, including subject matter pertinent to veterinary medicine or veterinary technology, attendance and course completion validations for the program or course sponsor, modalities and methods of delivery. It lists providers in the rule whose approval of programs will be recognized by the board for the 25 hours that must be approved for veterinarians and the 12 hours for veterinary technicians.

SECTION 12 repeals ss. VE 10.05 and 10.06.

**Summary of, and comparison with, existing or proposed federal regulation:**

None. Establishing continuing education requirements and monitoring for compliance for veterinarians is a regulatory activity undertaken by the individual states.

**Comparison with rules in adjacent states:**

Based upon the requirements for renewing a credential in Illinois, Minnesota and Iowa, the continuing education requirements set forth in the proposed rules are consistent with the requirements in those states. Veterinarians and veterinary technicians are not required to complete continuing education hours in Michigan. Note that veterinary technicians are not required to be licensed in Minnesota.

**Factual data and analytical methodologies:**

The Veterinary Examining Board examined models of continuing education from other Wisconsin regulatory boards, from the American Association of Veterinary State Boards, and from national and state associations. The board received input from the Department of Regulation and Licensing Office of Education and Examinations and members of the public in public meetings. The board considered availability of courses, availability of department and board resources, and impact on the licensee.

The Veterinary Examining Board defined general content requirements, numbers of hours required to be related to scientific topics, and amount of credit to be granted for activities such as authorship of published works. The board established approved provider requirements, necessary documentation requirements, procedures for verification of continuing education upon renewal, and procedures for maintaining documentation to enable audit of compliance with the requirement. The board retained the statutory requirements for continuing education or certification from persons who use or repackage pesticides for use by others.

The regulatory approach chosen for the rule was to describe the requirements for licensees and course providers in a way that would enable the parties to determine on

their own whether a particular type of continuing education would be acceptable, based upon certain program and course criteria being met, course program pertinence to veterinary medicine, acceptable modalities and methods of delivery, and advance approval by authorities enumerated in the rule. One goal of this approach was to accomplish the implementation of the continuing education requirement and resulting maintenance of currency and prevention of public harm without incurring substantial ongoing regulatory management costs for the program.

**Determination of significant fiscal effect on the private sector:**

The Department of Regulation and Licensing has determined that this rule has no significant fiscal effect on the private sector.

**Effect on small business:**

Pursuant to s. 227.114 (1) (a), Stats., these proposed rules will have no significant economic impact on a substantial number of small businesses. The Department's Small Business Regulatory Review Coordinator may be contacted by email at [christopher.klein@drl.state.wi.us](mailto:christopher.klein@drl.state.wi.us), or by calling (608) 266-8608.

TEXT OF RULE

SECTION 1. VE 1.02 (intro.) is amended to read:

**VE 1.02 Definitions.** (intro.) As used in chs. VE 1 to 9 10:

SECTION 2. VE 7.055 (title), (intro.), (1) and (2) are amended to read:

**VE 7.055 (title) Reinstatement Renewal of a lapsed license.** (intro.) A license expires if not renewed by January 1 of even-numbered years. A licensee who allows the license to expire may apply to the board for ~~reinstatement~~ renewal of the ~~credential~~ license as follows:

(1) If the licensee applies for renewal of the license less than 5 years after its expiration, the license shall be renewed upon payment of the renewal fee and fulfillment of the 30 hours of continuing education requirements required under s. VE 10.04 ch. VE 10.

(2) If the licensee applies for renewal of the ~~credential~~ license 5 or more years after its expiration, in addition to requiring the licensee to pay the renewal fees required under s. 440.08, Stats., and to fulfill the continuing education hours required under ch. VE 10, the board shall inquire as to whether the applicant is competent to practice as a veterinarian in this state and shall impose any reasonable conditions on reinstatement of the license, including reexamination, as the board deems appropriate. An applicant under this subsection is presumed to be competent to practice as a veterinarian in this state if at the time of application for ~~reinstatement~~ renewal the applicant holds a full unexpired license issued by a similar licensing board of another state or territory of the United States or of a foreign country or province whose standards, in the opinion of the board, are equivalent to or higher than the requirements for licensure in this state. Notwithstanding any presumption of competency under this subsection, the board shall require each applicant under this subsection to pass the examination specified under s. VE 3.02 (4).

SECTION 3. VE 7.06 (22) is renumbered VE 7.06 (22) (intro.) and is amended to read:

VE 7.06 (22) (intro.) Falsely certifying to the board under s. VE 10.02 (6) or 10.04 (1) that the veterinarian is exempt from the requirements of ~~ss. VE 10.03 and 10.04~~ or ~~falsely certifying that the veterinarian has met certification or continuing veterinary education requirements relating to the use, handling, distribution and disposal of pesticides.~~

SECTION 4. VE 7.06 (22) (a) to (e) are created to read:

VE 7.06 (22) (a) Has completed the 30 hours of continuing education required under s. VE 10.02 (1).

(b) Is exempt under s. VE 10.02 (3) from having to complete the 30 hours of continuing education required under s. VE 10.02 (1).

(c) Does not personally use or direct the use of pesticides and does not repackage pesticides for use by others.

(d) Is currently certified by a certification program acceptable to the board in the use, handling, distribution and disposal of pesticides.

(e) Has completed one hour of acceptable continuing veterinary education in the use, handling, distribution and disposal of pesticides during the preceding 2-year licensure period.

SECTION 5. A Note following VE 7.06 (22) is created to read:

Note: At the time of the second renewal period following initial renewal and at the end of each following renewal period, veterinarians are required to sign a statement on their renewal application certifying compliance with one of the requirements set forth in s. VE 10.04 (1).

SECTION 6. VE 9.035 (title), (intro.), (1) and (2) are amended to read:

**VE 9.035 (title) Reinstatement Renewal of a lapsed certificate certification.**  
(intro.) A ~~license~~ certificate expires if not renewed by January 1 of even-numbered years. A certificate holder who allows the certificate to expire may apply to the board for ~~reinstatement~~ renewal of the ~~credential~~ certificate as follows:

(1) If the certificate holder applies for renewal of the certificate less than 5 years after its expiration, the certificate shall be renewed upon payment of the renewal fee and fulfillment of the 15 hours of continuing education requirements required under ~~s.~~ VE 10.04 ch. VE 10.

(2) If the certificate holder applies for renewal of the ~~credential~~ certificate 5 or more years after its expiration, in addition to requiring the certificate holder to pay the renewal fees required under s. 440.08, Stats., and to fulfill the continuing education hours required under ch. VE 10, the board shall inquire as to whether the applicant is competent to practice as a veterinary technician in this state and shall impose any reasonable conditions on ~~reinstatement~~ renewal of the certificate including reexamination, as the board deems appropriate. An applicant under this subsection is presumed to be competent to practice as a veterinary technician in this state if at the time of application for ~~reinstatement~~ renewal the applicant holds a full unexpired certificate issued by a similar licensing board of another state or territory of the United States or of a foreign country or province whose standards, in the opinion of the board, are equivalent to or higher than the requirements for certification in this state. Notwithstanding any presumptions of competency under this subsection, the board shall require each applicant under this subsection to pass the examination specified under s. VE 8.02 (2) and (3).

SECTION 7. VE 9.05 (12) is renumbered VE 9.05 (12) (intro.) and is amended to read:

VE 9.05 (12) (intro.) Falsely certifying to the board under s. VE 10.02 (6) or 10.04 (1) that the veterinary technician ~~is exempt from the requirements of ss. VE 10.03 and 10.04 or falsely certifying that the veterinary technician has met certification or continuing veterinary education requirements relating to the use, handling, distribution and disposal of pesticides.:~~

SECTION 8. VE 9.05 (12) (a) to (e) are created to read:

(a) Has completed the 15 hours of continuing education required under s. VE 10.02 (2).

(b) Is exempt under s. VE 10.02 (3) from having to complete the 15 hours of continuing education required under s. VE 10.02 (2).

(c) Does not personally use or direct the use of pesticides and does not repackage pesticides for use by others.

(d) Is currently certified by a certification program acceptable to the board in the use, handling, distribution and disposal of pesticides.

(e) Has completed one hour of acceptable continuing veterinary education in the use, handling, distribution and disposal of pesticides during the preceding 2-year licensure period.

SECTION 9. A Note following VE 9.05 (12) is created to read:

Note: At the time of the second renewal period following initial renewal and at the end of each following renewal period, veterinary technicians are required to sign a statement on their renewal application certifying compliance with one of the requirements set forth in s. VE 10.04 (1).

SECTION 10. VE 10.01 is amended to read:

**VE 10.01 Authority and purpose.** The rules in this chapter are adopted by the veterinary examining board pursuant to the authority delegated by ss. 15.08 (5), 227.11 (2), 453.03 (1), 453.03 (2) and 453.07 (1) (fm), Stats., and shall govern the certification and biennial continuing education, training and certification requirements for veterinarians and veterinary technicians relating to the use, handling, distribution and disposal of pesticides.

SECTION 11. VE 10.02, 10.03 and 10.04 are repealed and recreated to read:

**VE 10.02 Continuing education.** (1) (a) Except as provided in subs. (3) and (4), a veterinarian shall complete at least 30 hours of continuing education pertinent to veterinary medicine in each biennial renewal period. The 30 hours of continuing education shall include all of the following:

1. Except as provided in s. VE 10.04 (1), at least one hour of continuing education that relates to the use, handling, distribution and disposal of pesticides.

2. At least 25 hours of continuing education that relates to scientific topics pertinent to veterinary medicine.

(b) All 30 continuing education hours in this subsection shall be documented. A minimum of 25 hours of continuing education shall be documented by an approved continuing education provider.

(c) A continuing education hour shall consist of 50 minutes of contact time.

(2) (a) Except as provided in subs. (3) and (4), a veterinary technician shall complete at least 15 hours of continuing education pertinent to veterinary medicine or veterinary technology in each biennial renewal period. The 15 hours of continuing education shall include all of the following:

1. Except as provided in s. VE 10.04 (1), at least one hour of continuing education that relates to the use, handling, distribution and disposal of pesticides.

2. At least 10 hours of continuing education that relates to scientific topics pertinent to veterinary medicine.

(b) All 15 continuing education hours required in this subsection shall be documented. A minimum of 12 hours of continuing education shall be documented by an approved continuing education provider.

(c) A continuing education hour shall consist of 50 minutes of contact time.

Note: A list of approved program providers is contained in s. VE 10.03 (4).

(3) Subsections (1) and (2) do not apply to an applicant who applies to renew a license or certificate that expires on the first expiration date after initial issuance of the license or certificate.

(4) The board may waive the requirements under subs. (1) and (2) if it finds that exceptional circumstances, such as prolonged illness, disability, or other similar circumstances, have prevented an applicant from meeting the requirements.

(5) Continuing education hours shall be completed during the preceding 2-year licensure or certification period.

(6) To obtain credit for completion of continuing education hours, a licensee or certificate holder shall, at the time of each renewal, sign a statement certifying that he or she has completed, during the preceding 2-year licensure or certification period, the continuing education programs required under sub. (1) or (2), as appropriate.

(7) A veterinarian or veterinary technician who fails to complete the continuing education requirements by the renewal date shall not practice as a veterinarian or veterinary technician, as appropriate, until his or her license or certificate is renewed.

(8) For auditing purposes, every veterinarian and veterinary technician shall maintain records of continuing education hours for at least 5 years from the date the certification statement required under sub. (6) is signed. The board may audit for compliance by requiring a veterinarian or veterinary technician to submit evidence of compliance to the board for the biennium immediately preceding the biennium in which the audit is performed. Documentation of completion of continuing education hours shall include one of the following:

- (a) A certificate of attendance from an approved course provider.
- (b) Complete references from journal articles read.
- (c) A grade report or transcript from an accredited college or university.
- (d) A copy of a published work authored or co-authored by the licensee or certificate holder.
- (e) A copy of a meeting syllabus, announcement, abstract or proceeding for a presentation.
- (f) A signed document from an internship or residency institution certifying enrollment in a program.

**VE 10.03 Continuing education programs and courses. (1) CRITERIA FOR PROGRAM AND COURSE APPROVAL.** To be approved, a continuing education program or course shall meet the following criteria:

- (a) The subject matter of the program or course shall be pertinent to veterinary medicine or veterinary technology.
- (b) The program or course sponsor agrees to record registration and furnish a certificate of attendance to each participant.

(2) **UNRELATED SUBJECT MATTER.** If a continuing education course includes subject matter that is not pertinent to veterinary medicine or veterinary technology, only those portions of the course that relate to veterinary medicine or veterinary technology will qualify as continuing education under this chapter.

(3) MODALITIES AND METHODS OF DELIVERY. Modalities and methods of delivery of continuing education programs acceptable to the board include one or more of the following:

(a) Attendance at a scientific workshop, seminar, or laboratory demonstration pertinent to veterinary medicine or veterinary technology.

(b) Self-study of veterinary medical or other pertinent scientific journals.

(c) Enrollment in graduate or other college level courses pertinent to veterinary medicine or veterinary technology. Credit for qualified courses will be approved on the basis of multiplying each college credit hour by 10.

(d) Enrollment in an internship, residency or certification program approved by a veterinary specialty organization recognized by the AVMA or in an AVMA accredited veterinary school.

(e) Authorship or co-authorship of a published work, such as review articles, abstracts, presentations, proceedings, book chapters, and web-based continuing education materials shall be approved for 5 hours each.

(f) A peer reviewed publication shall be approved for 5 hours.

(g) Development and presentation of research findings, scientific workshops, seminars or laboratory demonstrations pertinent to veterinary medicine or veterinary technology shall be approved for 5 contact hours each.

(h) Up to 15 hours per biennium for veterinarians and up to 8 hours per biennium for veterinary technicians shall be granted for a combination of continuing education hours completed under pars. (e) to (g), provided the continuing education is published or presented under the auspices of a provider approved under sub. (4).

(i) Preparation and successful completion of the examination required for certification to use, handle, distribute and dispose of pesticides shall be approved for one hour.

(j) On-line, video, audio, correspondence courses, or other interactive distance learning courses pertinent to veterinary medicine or veterinary technology, or to employment as a veterinarian or veterinary technician, as appropriate.

(4) APPROVED PROGRAM PROVIDERS. Subject to compliance with the requirements set forth in subs. (1) to (3), the board shall approve attendance at and completion of one or more continuing education programs approved by any one of the

following approved program providers as fulfilling the continuing education hours required under this chapter:

- (a) A national, regional, state, or local veterinary medical or veterinary technician association.
- (b) A federal or state agency.
- (c) An accredited college or university.
- (d) An association listed in the AVMA or the National Association of Veterinary Technicians in America directory.
- (e) An AVMA accredited veterinary school or veterinary technician program.
- (f) A program approved by the American Association of Veterinary State Boards through its Registry of Approved Continuing Education approval program.

**VE 10.04 Continuing education and training in the use, handling, distribution and disposal of pesticides required.** (1) Each veterinarian and each veterinary technician shall at the end of the second renewal period following initial renewal, and at the end of each following renewal period, sign a statement on his or her application for renewal certifying to one of the following:

- (a) That the veterinarian or veterinary technician does not personally use or direct the use of pesticides and does not repackage pesticides for use by others.
- (b) That the veterinarian or veterinary technician is currently certified by a certification program acceptable to the board in the use, handling, distribution and disposal of pesticides, and that the veterinarian or veterinary technician intends to maintain his or her certification instead of completing the biennial continuing veterinary education requirement.
- (c) That the veterinarian or veterinary technician has satisfactorily completed one hour of acceptable continuing education in the use, handling, distribution and disposal of pesticides during the preceding 2-year licensure or certification period.

(2) Each veterinarian and each veterinary technician who signs a certification under par. (1) (a) and who is associated with or employed by a clinic holding a veterinary clinic permit issued under s. 94.702, Stats., shall include the permit number with the certification.

SECTION 12. VE 10.05 and 10.06 are repealed.

### CLEARINGHOUSE RULE 04-125

#### Comments

**[NOTE: All citations to "Manual" in the comments below are to the Administrative Rules Procedures Manual, prepared by the Revisor of Statutes Bureau and the Legislative Council Staff, dated October 2002.]**

#### 1. Statutory Authority

When reading s. VE 10.02 (8) (b) in conjunction with s. VE 10.03 (3) (b), it appears that the board intends to grant continuing education credit to veterinarians or veterinary technicians who report having read medical or scientific journals on their own, not as part of a correspondence course or in any way supervised by anyone other than the veterinarian or veterinary technician applying for license renewal. Is this the intent of the rule? If so, has the board considered whether this meets the statutory requirement that the board may not renew a veterinary license or veterinary technician certification unless the applicant certifies that he or she has completed the required number of hours of continuing education *programs or courses* approved by the board (emphasis added)?

#### 2. Form, Style and Placement in Administrative Code

a. In s. VE 7.055 (intro.) and (2), relating to the renewal of licenses, the use of the term "credential" to refer to a license is confusing and unnecessary. Only the term "license" should be used to refer to a license. This comment also applies to the use of the term credential when referring to a certificate in s. VE 9.035 (intro.) and (2).

b. Section VE 10.02 (1) should be restructured to read as follows:

**VE 10.02 Continuing education.** (1) (a) Except as provided in subs. (3) and (4), a veterinarian shall complete.... The 30 hours of continuing education shall include all of the following:

1. Except as provided in s. VE 10.04 (1), at least 4 hours of continuing education that relate to the use, handling, distribution, and disposal of pesticides.

2. At least 25 hours of continuing education that relate to scientific topics pertinent to veterinary medicine.

(b) All 30 continuing education hours required in this subsection shall be documented. A minimum of 25 hours of continuing education shall be documented by an approved continuing education provider.

(c) A continuing education hour shall consist of 50 minutes of contact time.

This comment also applies to s. VE 10.02 (2).

##### 5. Clarity, Grammar, Punctuation and Use of Plain Language

✓ a. It appears that s. VE 7.06 should be amended to specify that it is unprofessional conduct for a licensee to falsely certify that he or she is exempt from the requirements of s. VE 10.02 or falsely certify that the veterinarian has completed the required continuing education. This comment applies as well to s. VE 9.05, relating to unprofessional conduct of veterinary technicians.

b. The rule should specify what the board will accept as "documentation" under s. VE 10.02 (1) (c) and (2) (c). Also, must documentation be provided to the board? Is the documentation referred to in s. VE 10.02 (1) and (2) different than the documentation referred to in s. VE 10.02 (8)? Since s. VE 10.03 (1) (b) requires each continuing education program or course provider to furnish a certificate of attendance to each participant, has the board considered requiring each applicant for license or certification renewal to provide a copy of a certificate received for each class attended when applying for a license renewal?

c. Section VE 10.02 (5) requires that continuing education requirements be completed during the two-year licensure period. However, s. VE 9.035, which provides for reinstatement of an expired license, states that an expired license may be renewed if, among other requirements, the continuing education requirements under ch. VE 10 are fulfilled. The rule should specify how a person whose license has expired can renew a license when the person fails to take the required classes during the two-year period.

d. In s. VE 10.02 (5), it is unclear which licensing period the rule refers to. Should the rule specify that hours must be completed during the two-year licensure or certification period immediately preceding the renewal date?

e. Should s. VE 10.03 (3) (e) to (g) provide more specificity, such as minimum length or content requirements, for the items for which the board will grant five hours of continuing education credit under those paragraphs?

✓ f. In s. VE 10.03 (4) (intro.), "accepts" should be changed to "shall accept."
