Producers Security Act Sign-Off

I, Sam Overduin of B & D Farms am a grower of
Name Farm Name

processed potatoes in the State of Wisconsin.

I hereby declare that I have read the proposed legislation relating to allowing certain processors to opt out of the Producer Security Program under certain circumstances, and I understand that the proposed bill could create situations in which the Producer Security Act will not cover certain transactions that I make with processors. Furthermore, I understand that while it is the intention of the bill draft to cover all transactions not covered by the producer security law through PACA coverage, it is unlikely it might be possible that a transaction might not be covered by either program.

I am signing this free of reservation or coercion of any kind.
