**Senate Committee on Judiciary, Corrections and Privacy
Testimony Senate Bill 611
March 6, 2006**

Good Morning, Committee Chair Zien and committee members. Thank you for the opportunity to provide testimony to the Senate Committee on Judiciary, Corrections and Privacy on Senate Bill 611.

Under current law a person with a Commercial Drivers license that is involved in an accident that is fatal or near fatal has already given implied consent to have their blood, urine, and/or breath tested for alcohol and other substances. Under Senate Bill 611, a person operating any vehicle that is involved in an accident that results in death or great bodily harm may be requested to take a test for the presence in their blood, urine, or breath of alcohol, controlled substances, controlled substance analogs, or other drugs, or any combination. A person who refuses to do so may be arrested for operating while intoxicated.

Senate Bill 611 has been introduced on behalf of Greendale Police Chief Robert Dams. Nicholas Dams, age 20, the son of Greendale Police Chief Robert Dams, was killed in an accident with a driver operating without a license and with his privilege to obtain a license revoked. Nicholas Dams was an A student. Nicholas was returning home from classes at the downtown campus of the Milwaukee Area Technical College. He so admired his police chief-father that he was planning to be a police officer. Blood was not taken from the driver until many hours after the tragic accident, making it difficult for investigators to determine whether drugs or alcohol played a role in the accident.

Testimony For Senate Bill 611

March 6, 2006

Page Two

I urge you to support Senate Bill 611 that requires *any* person involved in an accident that results in death or great bodily harm to have a test taken of their blood, breath, or urine. It is a just and appropriate means to provide justice in fatal or near-fatal accidents.
