The attached draft applies the rules of the road to mobile home parks, which are defined under s. 66.0435 (1) (e) as “any plot or plots of ground upon which 2 or more units, occupied for dwelling or sleeping purposes are located, regardless of whether a charge is made for the accommodation.” As drafted, s. 346.02 (1) would apply to a broader variety of properties than a typical mobile home park, including property where one family member living in a mobile home permitted a second family member to set his or her own mobile home on the property. Do you wish to have this bill apply to all properties that fit that definition of mobile home park or limit its application only to mobile home parks of a particular minimum size?
