

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-2650/1dn
ARG:cjs:pg

May 8, 2007

ATTN: Kurt Simatic

I am uncertain whether federal law would allow a business sign posted on a specific information sign (SIS) to contain the symbol "E85." I recommend consulting DOT on this issue. I also note that, as drafted, any business sign that does contain "E85" would have to be removed and replaced by January 1, 2013. Under this draft, I believe the expense of removal would be borne by DOT, and the expense could be significant if many "E85" signs are installed.
