***Analysis by the Legislative Reference Bureau***

Under current law, pharmacists licensed in the state are held to certain practice standards, and any pharmacist who fails to meet the practice standards may be required to forfeit not less than \$25 nor more than \$50 for each offense, and may be subject to disciplinary action. Disciplinary action may include a reprimand, denial, limitation, suspension or revocation of the pharmacist's license, and a forfeiture of not more than \$1,000 for each offense.

This bill requires every pharmacist licensed in the state to dispense a valid prescription for any contraceptive approved by the federal Food and Drug Administration (FDA), unless the prescription is contraindicated for a particular patient. The bill defines "abortion" to exclude any form of contraceptive that is approved by the FDA.
