The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill draft was prepared for the joint legislative council's special committee on strengthening Wisconsin families.

Under current law, the Department of Health and Family Services (DHFS) distributes grants for the prevention of child abuse and neglect under a program commonly referred to as "Family Foundations". DHFS is required to distribute this funding to 6 rural counties, 3 urban counties, and 2 Indian tribes.

The amount of funding that each county (other than a county with a population of 500,000 or more, currently, only Milwaukee County) or Indian tribe receives is based on the number of births funded by medical assistance (MA) in that county or in the tribal reservations in proportion to the number of MA-funded births in other counties and tribes selected to participate in the program. Milwaukee County's grant award is based on 60% of the MA-funded births in that county in proportion to the number of MA-funded births in the other counties and tribes selected to participate.

Except for Milwaukee County, the grant funds may be used for a primary intervention, home visitation program for first-time parents who are eligible for MA and to support the cost of case management. In all counties and tribes, grants may also be used to provide intervention services and flexible funds to participating families for appropriate expenses. DHFS is required to provide technical assistance and training to programs receiving a grant.

The bill draft makes the following changes to current law:

- Deletes the provision requiring funding to be distributed to 6 rural counties, 3 urban counties, and 2 Indian tribes.
- Deletes references to Milwaukee County so that Milwaukee County may use grant funds to provide home visitation and case management services.
- Requires counties and Indian tribes that receive a grant to agree to match at least 25% of the grant amount in funds or in-kind contributions.
- Provides that home visitation services may be provided to a family with a child identified as being at risk of abuse or neglect until the child reaches 3 years of age, regardless of whether the child continues to be eligible for MA. *if the family has been continuously receiving home visitation services for at least*
- Requires a county or Indian tribe, when applying for a grant, to provide information on how the applicant's home visitation program incorporates practice standards and critical elements that have been developed for successful home visitation programs by a nationally recognized home visitation program model and are acceptable to DHFS. *12 months.*
- Requires DHFS to ~~conduct an evaluation of available~~ *evaluate the availability of* home visitation programs in the state and determine whether there are gaps in home visitation services. DHFS must then cooperate with home visitation programs to address any gaps identified.
- Requires each home visitation program to collect and report data as required by DHFS and using forms prescribed by DHFS.
- Requires each home visitation program to develop a plan for evaluation of the effectiveness of its program for approval by DHFS. The bill draft sets forth outcomes that must be tracked and measured. The evaluation must be used to improve the quality and outcomes of the home visitation program.
- Provides that training provided by DHFS to counties and Indian tribes participating in the program may not be ~~specific~~ *limited* to a particular home visitation model. Requires the training to include training regarding basic skills, uniform administration of screening and assessment tools, issues and challenges families face, and supervision and personnel skills for program managers. Training may also include training on data collection and reporting.
- Requires DHFS to cooperate with the child abuse and neglect prevention board to ensure that employees and managers of home visitation programs receive training and other services to develop and maintain competencies in providing home visitation services to families.

1 **SECTION 1.** 46.515 (1) (i) and (j) of the statutes are repealed.

NOTE: Repeals the definitions of "rural county" and "urban county".

2 **SECTION 2.** 46.515 (2) of the statutes is amended to read:

3 46.515 (2) FUNDS PROVIDED. If a county or Indian tribe applies and is selected by the

5 award, from the appropriation under s. 20.435 (5) (ab), a grant annually to be used only for
6 the purposes specified in sub. (4) (a) and (am). The minimum amount of a grant is \$10,000.
7 The county or Indian tribe shall agree to match at least 25% of the grant amount annually in
8 funds or in-kind contributions. The department shall determine the amount of a grant awarded

14 ~~this section. The department shall determine the amount of a grant awarded to a county with~~

NOTE: Requires a county or Indian tribe which receives a grant to agree to match at least 25% of the grant amount annually in funds or in-kind contributions. Also, this section deletes the language setting forth the formula for awarding grants above \$10,000 and, instead, requires DHFS to determine the amount of the grant in excess of \$10,000 based upon the number of births that are funded by medical assistance in that county or the reservation of the Indian tribe.

1 **SECTION 3.** 46.515 (3) (title) of the statutes is repealed.

 5 Persons who are selected and who agree to be assessed shall be assessed during the prenatal
 6 period, if possible, or as close to the time of the child's birth as possible. The risk assessment
 7 instrument shall be developed by the department and shall be based on risk assessment

Instead, under the draft, each home visitation program must develop a plan for evaluation of the effectiveness of its program for approval by DHFS. The plan must demonstrate how the program will use the evaluation to improve the quality and outcomes of the program and to ensure continued compliance with the home visitation criteria required to be demonstrated when applying for a grant. The plan must also demonstrate how the outcomes will be tracked and measured. The outcomes to be measured are set forth in the SECTION.

3 **SECTION 12.** 46.515 (8) of the statutes is renumbered 46.515 (8) (a) and amended to

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill ~~draft~~ was prepared for the joint legislative council's special committee on strengthening Wisconsin families.

Under current law, the Department of Health and Family Services (DHFS) distributes grants for the prevention of child abuse and neglect under a program commonly referred to as "Family Foundations". DHFS is required to distribute this funding to 6 rural counties, 3 urban counties, and 2 Indian tribes.

The amount of funding that each county (other than a county with a population of 500,000 or more, currently, only Milwaukee County) or Indian tribe receives is based on the number of births funded by medical assistance (MA) in that county or in the tribal reservations in proportion to the number of MA-funded births in other counties and tribes selected to participate in the program. Milwaukee County's grant award is based on 60% of the MA-funded births in that county in proportion to the number of MA-funded births in the other counties and tribes selected to participate.

Except for Milwaukee County, the grant funds may be used for a primary intervention, home visitation program for first-time parents who are eligible for MA and to support the cost of case management. In all counties and tribes, grants may also be used to provide intervention services and flexible funds to participating families for appropriate expenses. I just went through the home visitation draft, and it looks good. I would like one really minor change. Please put a note after SECTION 12--"Deletes a reference to Milwaukee County" and delete that part of the note for SECTION 14. Thanks!

Analysis by the Legislative Reference Bureau

This bill is explained in the NOTES provided by the Joint Legislative Council in the bill.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill was prepared for the Joint Legislative Council's Special Committee on Strengthening Wisconsin Families.

Under current law, the Department of Health and Family Services (DHFS) distributes grants for the prevention of child abuse and neglect under a program commonly referred to as "Family Foundations". DHFS is required to distribute this funding to six rural counties, three urban counties, and two Indian tribes.

The amount of funding that each county (other than a county with a population of 500,000 or more, currently, only Milwaukee County) or Indian tribe receives in excess of the \$10,000 minimum grant amount is based on the number of births funded by medical assistance (MA) in that county or in the reservation of the tribe in proportion to the number of MA-funded births in all counties and the reservations of all tribes selected to participate in the program. Milwaukee County's grant award is based on 60 percent of the MA-funded births in that county in proportion to the number of MA-funded births in all counties and the reservations of all tribes selected to participate in the program.

Except for Milwaukee County, the grant funds may be used for a primary intervention, home visitation program for first-time parents who are eligible for MA and to support the cost of case management. In all counties and tribes, grants may also be used to provide intervention services and flexible funds to participating families for appropriate expenses. DHFS is required to provide technical assistance and training to programs receiving a grant.

The bill makes the following changes to current law:

- Deletes the provision requiring funding to be distributed to six rural counties, three urban counties, and two Indian tribes.
- Deletes references to Milwaukee County so that Milwaukee County may use grant funds to provide home visitation and case management services.
- Requires counties and Indian tribes that receive a grant to agree to match at least 25 percent of the grant amount in funds or in-kind contributions.
- Deletes the current formula for determining the amount of a grant in excess of the minimum \$10,000 grant amount and instead requires DHFS to determine the amount of a grant in excess of \$10,000 based upon the number of MA-funded births in the county or the reservation of the tribe.

- Requires a county or Indian tribe, when applying for a grant, to provide information on how the applicant's home visitation program incorporates practice standards and critical elements that have been developed for successful home visitation programs by a nationally recognized home visitation program model and that are acceptable to DHFS.
- Requires DHFS to evaluate the availability of home visitation programs in the state and determine whether there are gaps in home visitation services. DHFS must then cooperate with counties and Indian tribes providing home visitation programs to address any gaps identified.
- Requires each county and Indian tribe providing a home visitation program to collect and report data as required by DHFS, using forms prescribed by DHFS.

- Requires each county and Indian tribe providing a home visitation program to develop a plan for evaluating the effectiveness of its program for approval by DHFS. The bill sets forth outcomes that must be tracked and measured. The evaluation must be used to improve the quality and outcomes of the home visitation program.

- Provides that training provided by DHFS to counties and Indian tribes participating in the program may not be limited to a particular home visitation model. Requires the training to include training regarding basic skills, uniform administration of screening and assessment tools, the issues and challenges that families face, and supervision and personnel skills for program managers. The training may also include training on data collection and reporting.

- Requires DHFS to cooperate with the Child Abuse and Neglect Prevention Board to ensure that employees and managers of home visitation programs receive training and other services to develop and maintain competencies in providing home visitation services to families.
