8 grants, tuition grants, and Lawton minority undergraduate grants are
9 calculated and making appropriations.

Analysis by the Legislative Reference Bureau

Under current law, the Higher Educational Aids Board (HEAB) provides higher education grants to Wisconsin residents who are enrolled in the University of Wisconsin (UW) System, a technical college, or a tribal college and tuition grants to Wisconsin residents who are enrolled in accredited, nonprofit post-high school, educational institutions in this state. The Board Regents of the UW System provides grants, known as Lawton grants, to minority undergraduates enrolled in the UW System.

ASSEMBLY BILL 780

Currently, sum certain amounts are appropriated in each fiscal year for tuition grants and for higher education grants for technical college and tribal college students. For higher education grants for UW System students, beginning with the 2007–09 state fiscal biennium, there is appropriated a sum sufficient equal to the amount appropriated for those grants in the previous fiscal year (base amount) increased by the average percentage by which the undergraduate academic fees that will be charged for the next academic year at each institution within the UW System, as estimated by HEAB, will increase from the undergraduate academic fees charged for the current academic year. The same formula is also used to calculate the amount appropriated for Lawton grants.

This bill changes the formula used to calculate the amounts appropriated for higher education grants for UW System students and for Lawton grants. The bill also requires HEAB to use the new formula to calculate the amounts appropriated for tuition grants and for higher education grants for technical college and tribal college students. Specifically, under the bill, beginning with the 2009–11 state fiscal biennium, the amounts appropriated for tuition grants, for Lawton grants, and for higher education grants for UW System students, technical college students, and tribal college students are determined by increasing the base amount for each of those appropriations by the greater of the average percentage increase determined under current law or the amount obtained by multiplying the increase in the undergraduate academic fees that will be charged for a student to attend the UW–Madison for the next academic year, as estimated by HEAB, over the current academic year by the number of students who are receiving the respective grants for the current academic year.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
