#### Description

Reporting deaths, death investigations and other duties of coroners and medical examiners, inquests, disposition of bodies, training and testing requirements for coroners and medical examiners, creating the Board on Medicolegal Investigations, requiring the exercise of rule-making authority, and providing a penalty

### Assumptions Used in Arriving at Fiscal Estimate

It is anticipated that passage of this bill would have little or no impact on the DA program.

#### **Long-Range Fiscal Implications**

It is anticipated that this bill would have little or no impact on the DA program. It is, however, possible that more homicide cases might be generated by more thorough work done by the medical examiner's office, but it is doubtful that any are being missed now. Should this bill be enacted, it may be helpful to review the data after awhile to determine if there is an effect on DA offices.
