

2007 ASSEMBLY BILL 821

February 19, 2008 – Introduced by Representatives BOYLE, MASON, TURNER, HUBLER, MURSAU, SHERIDAN, SOLETSKI and A. OTT, cosponsored by Senators BRESKE, JAUCH, COWLES, SULLIVAN and ROESSLER. Referred to Committee on Natural Resources.

1 **AN ACT** *to amend* 30.715 (title) and 346.02 (11); and *to create* 30.715 (1) (am),
2 346.94 (6) and 346.95 (4m) of the statutes; **relating to:** the transportation of
3 invasive species on highways and providing a penalty.

Analysis by the Legislative Reference Bureau

Under current law, no person may place a boat, boat trailer, or boating equipment if the person has reason to believe that an aquatic plant is attached. A similar provision prohibits a person from placing one of these items in the Lower Saint Croix River if the person has reason to believe that zebra mussels are attached.

Under this bill, no person may operate a vehicle or a trailer on a highway if the person has reason to believe that there are any terrestrial or aquatic invasive species attached to the vehicle or trailer.

Also, no person may transport any invasive species in or on a vehicle or trailer on a highway. The bill creates several exceptions to this prohibition. These exceptions include invasive species being transported in a cage, aquarium, or other container or invasive species being transported with the approval of the Department of Natural Resources, the Department of Agriculture, Trade and Consumer Protection, or the University of Wisconsin–Extension. The bill also authorizes traffic officers to require operators of vehicles or trailers to remove and dispose of invasive species or to prohibit a vehicle operator from proceeding until the removal and disposal of the invasive species has been completed.
