

2007 ASSEMBLY RESOLUTION 14

February 26, 2008 – Introduced by Representative KREUSER. Referred to Committee on Assembly Organization.

1 **Relating to:** urging the Wisconsin attorney general to grant the resources necessary
2 to the Dane County district attorney for a retrial in *State of Wisconsin v. Scott*
3 *R. Jensen*.

4 Whereas, the Wisconsin assembly desires that the Wisconsin attorney general
5 continue to work together with and have at the ready all the resources from the state
6 department of justice that the Dane County district attorney needs to prosecute; and

7 Whereas, the state department of justice was a partner in both the
8 investigation and the prosecution of *State of Wisconsin v. Scott R. Jensen* in the first
9 trial, which resulted in a conviction of one misdemeanor while leaving open the
10 question if felonies were committed, which is why a retrial is needed; and

11 Whereas, the Dane County district attorney has been publicly quoted that he
12 intends to retry the case if justice cannot be served, which is what our taxpayers
13 deserve out of their public officials; and
