

**DRAFTER'S NOTE  
FROM THE  
LEGISLATIVE REFERENCE BUREAU**

LRB-1079/1dn  
DAK:lmk:nwn

December 8, 2006

To Senator Miller:

I made the following changes in this bill from 2005 SB 388:

1. Updated all references to specific dates by two years (see, for example, s. 152.10 (1)).
2. In s. 152.10 (2) (f), (g), (j), and (k), changed cross-references to account for state statutory changes from the 2005-06 biennial session and federal statutory changes; differentiated between veterans receiving federal services and those receiving state services, since the federal and state definitions of "veteran" differ; and, in s. 152.10 (2) (g), expanded the benefit or service programs specified.
3. In s. 152.40 (5) (a) 1., expanded the sources of revenue specified.

Please let me know if you have questions or need any further assistance with this bill.
