

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-0013/P2dn
JK:jld:sh

October 16, 2006

Senator Kanavas:

Please review this draft carefully to ensure that it is consistent with your intent. The draft provides a credit, in part, for amounts the claimant paid for equipment or equipment components that have a "reduced" amount of certain contaminants. However, the draft does not specify the standard from which to measure the "reduced" amount. In other words, do you mean that the equipment or components would have contaminant amounts that are less than the maximum amounts allowed under EPA guidelines, for instance? Please advise.
