### Assumptions Used in Arriving at Fiscal Estimate

This bill makes a number of changes in the organizational structure and regulatory processes of the Educational Approval Board (EAB). These changes are part of a comprehensive modernization initiative that will shift the agency's regulatory model from one that is solely based on compliance to one that is also based on institutional effectiveness. This new regulatory model will better promote quality, organizational accountability, and continuous improvement for schools, as well as the EAB. Although exiting structures and processes will change as a result of this bill, it will have no state fiscal effect.
