Regen

1 AN ACT to create 632.375 of the statutes; relating to: motor vehicle repair  
2 practices.

**Analysis by the Legislative Reference Bureau**

Current law prohibits an insurer that issues a motor vehicle insurance policy that covers the repair or replacement of motor vehicle glass from conditioning the coverage on whether the insured or a third party making a claim under the policy obtains services or parts from a particular vendor specified by the insurer. Under this substitute amendment, an insurer that issues a motor vehicle insurance policy that covers repairs to a motor vehicle is prohibited from: 1) requiring that repairs be made by a particular contractor or repair shop as a condition for paying a claim; and 2) failing to initiate or conclude with due dispatch an investigation of a claim for repairs on the basis of whether the repair will be made by a particular contractor or repair shop. The prohibitions under the substitute amendment do not apply to insurance coverage of motor vehicle glass repair, to which current law still applies.

**The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:**

3 SECTION 1. 632.375 of the statutes is created to read:
