Re: 2007 SB 194 – Technical Memo

2007 SB 194 provides 1.0 FTE GPR position (Section 5, Nonstatutory Provisions) to serve as the state-wide inspector on the topic of thermal system insulation and fire-stop products. Specifically, the position would randomly and upon request inspect installations and maintenance of thermal system insulation and fire-stop products, and maintain records of these inspections. This position would be contained in s. 20.143 (3) (a), Stats.

However, 2007 SB 194 provides no spending authority for the position.
