RE: Co-Sponsorship of LRB-0203

Closing the "Las Vegas" Loophole

I am introducing legislation to amend the corporate income tax to close the "Las Vegas" loophole which is used by many corporations to avoid paying Wisconsin corporate income taxes. The bill would eliminate use of an accounting procedure that these corporations use to shift income to paper subsidiaries they establish in states like Nevada that don't have a corporate income tax.

According to the Department of Revenue, the Las Vegas loophole costs the state as much as \$260 million a year. When big corporations avoid paying their fair share of state taxes, families and small businesses pay more.

If you would like to cosponsor LRB0203, please contact my office at 266-7521 by Friday, May 4, 2007.

Analysis by the Legislative Reference Bureau

For purposes of calculating a taxpayer's state income tax or franchise tax liability, this bill requires a taxpayer to add the following amounts to the taxpayer's federal taxable income: any amount that the taxpayer deducted or excluded under the Internal Revenue Code for management and service fees, interest expenses and costs, intangible expenses and costs, and any other expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with, one or more related entities.

This bill also authorizes the Department of Revenue (DOR) to allow the tax consequences of a transaction, as asserted by a taxpayer, even if DOR initially disallows the consequences by asserting the sham transaction doctrine or a related doctrine, if a taxpayer meets certain conditions. The conditions include the

taxpayer's ability to demonstrate that the transaction had a valid, good faith business purpose other than tax avoidance, that the business purpose is commensurate with the transaction's tax benefit, and that the transaction had economic substance apart from the taxpayer's asserted tax benefit.

Also under the bill a taxpayer is not required to add to the taxpayer's federal taxable income certain expenses or costs as specified in the bill if a number of conditions apply. The conditions include the following:

1. Tax avoidance was not the principal purpose of the transaction to which the expenses and costs apply.
2. The related entity, to whom the taxpayer paid the expenses or costs, paid, accrued, or incurred such amounts to a person who is not a related entity.
3. The related entity was subject to tax on its net income, and a measure of the tax included the expenses or costs received from the taxpayer.

Because this bill relates to an exemption from state or local taxes, it may be referred to the Joint Survey Committee on Tax Exemptions for a report to be printed as an appendix to the bill.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

 5 state income tax and franchise tax purposes.

Analysis by the Legislative Reference Bureau

For purposes of calculating a taxpayer's state income tax or franchise tax liability, this bill requires a taxpayer to add the following amounts to the taxpayer's federal taxable income: any amount that the taxpayer deducted or excluded under the Internal Revenue Code for management and service fees, interest expenses and costs, intangible expenses and costs, and any other expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with, one or more related entities.

This bill also authorizes the Department of Revenue (DOR) to allow the tax consequences of a transaction, as asserted by a taxpayer, even if DOR initially disallows the consequences by asserting the sham transaction doctrine or a related doctrine, if a taxpayer meets certain conditions. The conditions include the taxpayer's ability to demonstrate that the transaction had a valid, good faith business purpose other than tax avoidance, that the business purpose is commensurate with the transaction's tax benefit, and that the transaction had economic substance apart from the taxpayer's asserted tax benefit.

BILL

Also under the bill a taxpayer is not required to add to the taxpayer's federal taxable income certain expenses or costs as specified in the bill if a number of conditions apply. The conditions include the following:

1. Tax avoidance was not the principal purpose of the transaction to which the expenses and costs apply.

2. The related entity, to whom the taxpayer paid the expenses or costs, paid, accrued, or incurred such amounts to a person who is not a related entity.

3. The related entity was subject to tax on its net income, and a measure of the tax included the expenses or costs received from the taxpayer.

Because this bill relates to an exemption from state or local taxes, it may be referred to the Joint Survey Committee on Tax Exemptions for a report to be printed as an appendix to the bill.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

22 substance apart from any tax benefit asserted by the taxpayer.

23 (b) For all instances in which the department disallows the tax consequences,
24 as asserted by the taxpayer, of a transaction, the department may allow the tax

2 business purpose, as asserted by the taxpayer, is commensurate with the
3 transaction's tax benefit, as asserted by the taxpayer.

4 (c) The adjustments under ss. 71.05 (6) (a) 21., 71.26 (2) (a) 7., 71.34 (1) (j), and
5 71.45 (2) (a) 16. shall not apply to any expenses or costs if all of the following apply
6 to the expenses or costs:

8 avoidance as its principal purpose.

9 2. The related entity to whom the taxpayer paid interest expenses or costs,
10 intangible expenses, or management or service fees during the taxable year directly
11 or indirectly paid, accrued, or incurred such amounts to a person who is not a related
12 entity. For purposes of this subdivision, "interest" means interest on a debt for which
13 the taxpayer is the guarantor, if the interest rate is the market rate in effect at the
14 time of the debt's origination, but excludes interest that is paid in connection with
15 any debt that is incurred to acquire the taxpayer's assets or stock under section 368
16 of the Internal Revenue Code.

17 3. The related entity was subject to tax on its net income in this state, or any

19 interest income, intangible income, or management or service fees received from the
20 taxpayer; and the tax rate applied to the interest income, intangible income, or
21 management or service fees was not less than 3 percentage points below the tax rate
22 that would have applied under s. 71.27. For purposes of this subdivision, "any state,
23 U.S. possession, or foreign country" does not include any state, U.S. possession, or
24 foreign country under the laws of which the taxpayer files or could have elected to
25 file with the related entity, or the related entity files or could have elected to file with

BILL

1 another entity, a combined income tax report or return, a consolidated income tax
2 report or return, or any other report or return that is due because of the imposition
3 of a tax that is measured on or by income, if the report of return results in eliminating
4 the tax effects of transactions directly or indirectly between either the taxpayer and
5 the related entity or between the related entity and another entity.

6 **SECTION 14. Initial applicability.**

7 (1) This act first applies to taxable years beginning on January 1, 2008.
