Subject: Request for amendments to SB 212

Importance: High

Hi Chris –

We need a number of amendments for SB 212. We've already introduced SA 1 and SA 2

If you could do them as separate amendments as I've noted below, that would be great. We have an executive session on SB 212 on Thursday, so this is something of a rush job.

Thank you.

Mike Tierney
Office of Senator Wirch

SENATE AMENDMENT 6

Chris, with this amendment the intent is to exempt telecommunications contracts provided the contract provides the customer with the ability to get out of the contract, or the renewed contract, by paying a fee – either a set amount or pro-rated amount.

10. A contract for the lease or purchase of telecommunication service, as defined in 196.01(9m), including commercial mobile service, as defined in 196.01(2i), or to lease equipment or facilities used with such services provided the contract provides the customer with the ability to terminate the renewed contract upon payment of a fee equal to
