Re: Drafting Request—Budget Revenue Transparency Act

The purpose of this memorandum is to request a draft of legislation, which would require the Secretary of the Department of Administration to provide to each member of the Legislature a listing of tax, fee, and assessment modifications on the day of the budget address.

Here is the specific language we would like to see implemented:

Amend Wis. Stats. 16.46 Biennial budget, contents to add:

Require the Secretary of the Department of Administration, under the direction of the Governor, to provide each member of the legislature, on the date of the delivery of the budget address, a document containing all of the following:

- (a) a statement of each tax increase, including the projected amount raised in revenues, how the money will be collected and the persons affected by the increase;*
- (b) a statement of each fee increase, including the projected amount raised in revenues, how the money will be collected and the persons affected by the increase;*
- (c) a statement of each assessment, including the projected amount raised in revenues, how the money will be collected and the persons affected by the increase;*
- (d) a statement on any method the state uses to collect revenues from the taxpayers of this state, in which the amount of that method has been increased or created, including the projected amount raised in revenues, how the money will be collected and the persons affected by the increase;*
- (e) a statement of the provisions in the biennial budget proposal which may increase local property taxes, the estimated amount, and estimated amount of revenue collected and methodology for making determination;*
- (f) a statement of the revenues collected from (a)-(e) and where the money will be placed in the budget. Specifically breaking down where each revenue modification's revenues will be placed in the budget proposal; and,*
- (g) a comprehensive status report of the amount of money in the Budget Stabilization Fund.*

Hi Cathlene...I am not sure who would get this as it has to do with the budget. Could you please take care of it or pass it on to whoever should? Thanks.
