Fiscal Estimate Narratives COMM 11/14/2007

LRB Number	07-3313/1	Introduction Number	SB-295	Estimate Type	Original						
Description											
Limiting the use of the lowest responsible bidder process and requiring local units of government to use the											

qualification-based selection process for certain public works consulting contracts

Assumptions Used in Arriving at Fiscal Estimate

SB 295 limits the use of the lowest bidder process and requires local units of government to use the qualification-based selection process for certain public works consulting contracts.

If the most qualified consultant charges more, then an increased cost may be incurred by the local government. Likewise, the most qualified consultant may have the lowest bid price, therefore the local government would not incur increased costs. The fiscal impact of this bill on local governments is indeterminate.

Long-Range Fiscal Implications
