Senator Carpenter:

Please note the changes to the language proposed by the Dietitians Affiliated Credentialing Board.

X While the changes to the draft are based on that proposed language, I delayed the effective date of the bill by six months to give the Board six months to issue licenses to persons certified under current law. In the absence of the six-month delay, on the effective date of the bill, persons who are currently certified as dietitians would be prohibited from practicing until they received a license from the Board. For that reason, the time period by which the Board must issue licenses to persons who are currently certified by the Board is shortened by 6 months.

X Does the board require additional time? Should the time period within which persons who are registered as a registered dietitian with the ADA must submit evidence to the Board be shortened to 6 months as well?

X Let me know if you have any questions.

SB 394

also LRB-3872 (assembly)

Hello Tracy-

Could you please have an amendment to the dietician's licensing bill drafted? The amendment is attached. Also, I am copying this email to Rep. Moulton so that he can have the change made to the Assembly companion.

I am also copying this to Leg Council so that an amendment memo can be drafted.

It is our hope to have this bill and amendment ready for hearing on Wednesday, January 23.

Let me know if you have any questions.

Stuart;

The Dietitians Affiliated Credentialing Board contacted Jason Johns yesterday about a concern they had with the grandfather language on P18 **Section 62** of our bill. As it was written it would have made it hard for them to implement the bill and also for people to become grandfathered. It also would have created a loophole for people who are not currently certified at effective date of bill to become certified in the 13 month window and become licensed in the grandfathering clause. This is not our intent. After discussing with them, this is language we have come up with. Would you please pass on to the drafter to have it corrected in the bill? I know you have submitted for introduction all ready, but as mentioned they just contacted Jason yesterday, January 17th. Could this language be changed in the bill with a simple amendment and then just changed in the actual draft for the Assembly companion as it has not been introduced yet? The language and the reasons for changing are detailed in the attached Word document. Thank you and let me know if you have any questions or need further

information/clarification.

Thanks for your continuing help with this.

Joan

**REVISION NEEDED TO P 18, Section 62 of LRB-
1288/5:**

The current language in Section 62 should be replaced with the following:

(1) EXEMPTION FROM CERTAIN LICENSURE REQUIREMENTS.

Notwithstanding section 448.78 (3) to (5) of the statutes, as affected by this act, no later than the first day of the 13th month beginning after the effective date of this act, the dietetics and nutrition care services affiliated credentialing board shall grant a license under section 448.78 of the statutes to a person who is currently certified by the dietitians affiliated credentialing board on the effective date of this act. Persons who no later than the first day of the 13 month beginning after the effective date of this act provide sufficient evidence to the dietetics and nutrition care services affiliated credentialing board that they were registered as a registered dietitian with the commission on dietetic registration of the American Dietetic Association on the effective date of this act shall be granted a license under section 448.78 of the statutes by the dietetics and nutrition care services affiliated credentialing board.
