Subject: SUB to SB 397

Becky and John:

Thank you very much for all of your time and effort in drafting SB 397 and the sub. We need a separate sub drafted with the changes below. Sen. Miller will decide which sub to introduce when the committee execs on this bill, hopefully next week. We are possibly meeting on Monday morning.

Thank you.

John Anderson

- Add to the definition of Manufacturer, pg. 5 line 8, add after the word 'others': "*unless another person assumes the responsibility of collection and recycling or arranges for the collection and recycling of such licensed video display devices.*"
- Add to the definition of the Sell: page 6, line 4, after the word 'consideration' add, "*by a household.*"
- Add to the definition of Video Display Device, page 6 after line 23: does not include:

"3. A television or computer monitor that is functionally or physically a part of, connected to or integrated within a larger piece of equipment designed and intended for use in an industrial, governmental, commercial, research and development, or medical setting (including diagnostic, monitoring, or other medical products as that term is defined under the Federal Food, Drug and Cosmetic Act) or equipment used for non-residential security, sensing, monitoring or anti-terrorism purposes."

Per John - Don't do second bullet point
