RESEARCH APPENDIX - **PLEASE DO NOT REMOVE FROM DRAFTING FILE**

Date Transfer Requested: 02/07/2008 (Per: PG)

Appendix H (Compile Draft)

 The 2007 drafting file for LRB-3902

has been copied/added to the drafting file for

2007 LRB-4036

 The attached 2007 draft was incorporated into the new 2007 draft listed above. For research purposes, this cover sheet and the attached drafting file were copied, and added, as an appendix, to the new 2007 drafting file. If introduced this section will be scanned and added, as a separate appendix, to the electronic drafting file folder.

 This cover sheet was added to rear of the original 2007 drafting file. The drafting file was then returned, intact, to its folder and filed.

inc. \$ for welding training in

incentive grants

\$5M or so

Grant, Peter

From: Worcester, Barbara
Sent: Friday, January 18, 2008 6:32 PM
To: Grant, Peter
Subject: RE: Incentive grants for welding programs

Peter,

Layla Merrifield has been helping me out on how to approach this and here's what I think we'd like to do: add a (i) to 38.27 that would require at least \$5 million be applied to training for advanced manufacturing skills with a priority given to welding. Then add \$5 million to the appropriation line for the incentive grants.

Please feel free to discuss this with Layla. As you know, if either you or Layla have suggestions or think there might be a better way to approach this, please let me know. We just want to address the demand for welders.

Thank you.

(1)(b)1

Barb Worcester

From: Grant, Peter

To: Worcester, Barbara
Subject: Incentive grants for welding programs

Barb, after our phone conversation, I got the statutes out and reviewed the incentive grants program. I think you may need to make a few more decisions. Under s. 38.27, there are a number of provisions that apply to certain types of grants, and I'm not sure whether to apply them to the grants for welding programs. I'll summarize the program:

There are seven types of grants:

- (a) The creation or expansion of adult high school and ESL courses.
- (b) The creation or expansion of programs that address emerging skills.
- (c) The purchase or lease of high-cost instructional equipment for occupational training programs.
- (d) Programs that foster classroom instruction for apprentices and upgrading of journeymen.
- (e) Educational programs that would not otherwise be established because of lack of funds.
- (g) Programs that assist business and industry in adopting and implementing new technology.
- (h) The creation or expansion of programs at secured juvenile correctional facilities.

And here are the various provisos:

Amounts awarded for (b), (c), (d), and (g) must range from 25% to 75% of total project costs.

Amounts awarded for (a) or (e) may be awarded on a continuing basis.

Amounts awarded to support the establishment of new programs under (b) or (g) may be awarded for a period of up to 3 years.

Funds received by a district for (a), (b), (c), (d), or (g) may not be used to supplant funds otherwise available for such purposes.

No more than \$1,500,000 may be awarded annually for (e).

No more than 25% of the total amount awarded under the incentive grants program in any fiscal year may be for (c).

At least \$1,500,000 must be awarded annually for adult literacy programs under (a) (in addition to the amount awarded in 1988-89).

Annually, \$100,000 must be awarded under (b) for nurse training programs.

No more than \$150,000 may be awarded annually for (h).

Do you want to include the welding program grants in any of the above provisos? Do you want a new proviso for the welding program grants? Perhaps instead of separating out welding as a new area for grants, it might be better to require that at least \$5,000,000 be awarded annually under paragraph (pick whichever paragraph is the most appropriate) for welding programs.

2007 BILL

1 **AN ACT to create** 38.27 (2m) (g) of the statutes; **relating to:** incentive grants to
2 technical college district boards for training in advanced manufacturing skills.

Analysis by the Legislative Reference Bureau

This bill directs the Wisconsin Technical College System Board to award to technical college district boards at least \$5,000,000 annually in incentive grants for training in advanced manufacturing skills, with priority given to welding.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 **SECTION 1.** 38.27 (2m) (g) of the statutes is created to read:

4 38.27 (2m) (g) Beginning in the 2008-09 school year, at least \$5,000,000
5 annually is awarded under sub. (1) (b) 1. for training in advanced manufacturing
6 skills, with priority given to welding.

7 **SECTION 2. Fiscal changes.**

BILL

1 (1) In the schedule under section 20.005 (3) of the statutes for the appropriation
2 to the technical college system board under section 20.292 (1) (dc) of the statutes, as
3 affected by the acts of 2007, the dollar amount is increased by \$5,000,000 for fiscal
4 year 2008-09 to increase funding for grants to technical college districts under
5 section 38.27 (1) (b) 1. of the statutes.
