To: Kite, Robin
Subject: Breske Drafting Request

Hi Robin:

I'm not positive this is you... but I'd appreciate it if you can make sure it gets to where it's supposed to go.

Roger wants drafted in a senate bill a provision from the Senate Substitute Amendment to the budget. I've posted it below.

Thanks!
Beth

AQUATIC INVASIVE SPECIES GRANTS

Senate: Include the Joint Finance provision. Further, allow any applicant for a fishing license or boat registration to elect to make a voluntary contribution to be used for grants to control aquatic invasive species. In addition, require DNR to ensure that any application form, including an electronic form, for a fishing license or boat registration include a designation that allows the applicant to specify an additional amount as a voluntary contribution for the control of aquatic invasive species. Specify that fishing licenses developed and issued by the Lac du Flambeau band are exempt from this provision. Further, create a continuing appropriation for the distribution of grants for the control of aquatic invasive species into which all moneys received from the aquatic invasive species donations are deposited.

Under current law, a person purchasing a deer, bear, turkey, or small game hunting license may make a voluntary contribution of at least \$1 for the venison processing program. In addition, applicants for a fishing license may make a voluntary contribution of \$1 and applicants for a boat registration may make a voluntary contribution of \$3 for lake research. Venison processing donations have averaged approximately \$18,000 annually over the last three years, and voluntary contributions for lake research have averaged approximately \$45,000. While the level of donations is not known, a voluntary contribution for the control of aquatic invasive species could bring in similar revenue to the voluntary contribution for lake research, or approximately \$50,000 annually. However, the invasives donation also may result in some reduction in the amount contributed to lake research. Revenues generated would provide local grants for invasive species management in addition to the \$1.8 million in water resources SEG appropriated under Joint Finance.

Beth Piliouras

2007-2008 DRAFTING INSERT
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-3553/lins.
RNK:.....

Lbjk

INSERT ANALYSIS

Under current law, the Department of Natural Resources awards cost-sharing grants to public and private entities for up to 75 percent of the costs of projects to control invasive species. This bill authorizes an applicant for the issuance or renewal of a fishing license, of a certificate of number for a boat, or of a registration for a boat to make a voluntary contribution, in addition to the fee for the license, certificate, or registration, to be used to fund grants for projects for the control of aquatic invasive species.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
