

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-3294/1dn
TKK:wlj:nwn

October 17, 2007

Senator Cowles:

Alternative 8 to Budget Paper 115 does not explicitly authorize the Joint Committee on Information Policy and Technology to be empowered to recommend that a large, high-risk information technology project be modified or discontinued. Would you like me to add language to proposed s. 13.58 (5) (b) 5. to that effect?
