gen. cat.

- 1 AN ACT ...; relating to: obtaining wage data from labor organizations to assist
- 2 the Department of Workforce Development in determining prevailing wage
- 3 rates. ✓

Analysis by the Legislative Reference Bureau

Under current law, certain laborers, workers, mechanics, and truck drivers employed on a state or local project of public works must be paid at the rate paid for a majority of the hours worked in the person's trade or occupation in the county in which the project is located (prevailing wage rate), as determined by the Department of Workforce Development (DWD). Current law requires DWD, for projects of public works other than state highway projects, to compile the prevailing wage rate for each trade or occupation commonly employed in those projects by January 1 of each year, and for state highway projects, to certify to the Department of Transportation the prevailing wages rates for all trades or occupations commonly employed in the highway construction industry by May 1 of each year. Current law also requires DWD, on the application of a local governmental unit or state agency that is contemplating a project of public works, to determine the prevailing wage rate for each trade or occupation required in the contemplated project of public works. ✓

This bill directs DWD to require all contractors, subcontractors, and agents of a contractor or subcontractor employing in this state an employee in a trade or occupation that is commonly employed in a project of public works to provide DWD with wage data for the trade or occupation to assist DWD in determining the prevailing wage rates for the trade or occupation. If a contractor, subcontractor, or agent fails to provide DWD with wage data for a trade or occupation, the bill permits DWD to request a labor organization representing the employees of the contractor,

subcontractor, or agent employed in the trade or occupation to provide DWD with that wage data. ✓

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill. ✓
