EDUCATION

OTHER EDUCATIONAL AND CULTURAL AGENCIES

Under current law, DOA is required to provide school districts and private schools with data lines that provide direct access to the Internet and with two-way interactive video links (telecommunications access) and to contract with telecommunications providers to provide that telecommunications access. Prior to January 1, 2006, DOA was permitted to award a grant to a school district or private school that had in effect on October 14, 1997, a contract for the provision of that telecommunications access in an amount no greater than the cost incurred by the school district or private school under that contract. This bill eliminates the authority of DOA to award grants to school districts and private schools for telecommunications access.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 16.997 (6) of the statutes is repealed.

SECTION 2. 20.505 (4) (s) of the statutes is amended to read:

20.505 (4) (s) *Telecommunications access; school districts.* Biennially, from the universal service fund, the amounts in the schedule to make payments to telecommunications providers under contracts under s. 16.971 (13) to the extent that the amounts due are not paid from the appropriation under sub. (1) (is), and to make grants to school district consortia under s. 16.997 (7), and, prior to January 1, 2006, to make grants to school districts under s. 16.997 (6). ✓

SECTION 3. 20.505 (4) (tm) ^x of the statutes is amended to read:

20.505 (4) (tm) *Telecommunications access; private schools.* Biennially, from the universal service fund, the amounts in the schedule to make payments to telecommunications providers under contracts under s. 16.971 (15) to the extent that the amounts due are not paid from the appropriation under sub. (1) (is) and, prior to January 1, 2006, to make grants to private schools under s. 16.997 (6). ✓
