2007-09 Statutory Language Proposals

Division:	Water
Bureau:	Fisheries Management
Issue/Topic:	Shovelnose Sturgeon Roe Sellers Permit
Proposed Change:	Establish a \$500 annual roe seller's permit for the purposes of tracking and quantifying the harvest of shovelnose sturgeon in the state.
Explanatory Note:	<p>The permit program is designed to ensure that only financially responsible dealers are participating in the wholesale market, and to discourage attempts at illegal harvesting of the species. Shovelnose sturgeon are harvested both to make smoked fish and for the eggs (also called roe) which are made into caviar.</p> <p>A new appropriation is not necessary since the Department would like the permit revenue deposited into the fish and wildlife account of the conservation fund.</p>
Desired Effective Date:	Effective Date of the 2007-09 Budget.

- with agreement
10/4/06

Per Paul Newman -

This permit is for commercial fishers in addition to license.
He will get back to me on:

- exactly what the permit authorizes (he thinks "harvesting of these sturgeon")
- whether permit relates only to harvesting of fish for their eggs

Per Ron Benjamin 11/1/06

608-785-9012

Roe is exported ~~to~~ - leaves country &
gets repackaged & imported back into country

not for commercial fishers

In the course of working on this draft, I have had discussions with Ron Benjamin, Paul Neumann, and Pat Short from DNR. This draft reflects my understanding of the issue based on those discussions. Please review the draft closely to ensure that the draft accurately describes to whom a shovelnose permit may be issued and the authority intended to be given under the permit. You will note that the draft specifies those licenses that a person must hold before the person is eligible to receive a shovelnose sturgeon permit. If there are other licenses that should be included in the list, please let me know.

The draft specifies a fee of \$500. It does not authorize a processing fee or an issuing fee. If you want to include those additional fees, let me know and I will redraft accordingly.

I have prepared this draft in preliminary form in the event that redrafting is required before the draft is finalized. Please feel free to contact me if you have any questions.

Subject: sturgeon permit draft

Hi Robin,

Have you had any further consultations with DNR about the sturgeon permit draft? This is intended to be an annual permit; does the draft need to say that? Other than that, I believe the draft is appropriate. Thanks,
Andrew
