creation of a managed forest land board; grants for land acquisitions for certain out door activities; requiring the exercise of rule-making authority and making an appropriation.

1 AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau

NATURAL RESOURCES

OTHER NATURAL RESOURCES

Under the managed forest land (MFL) program, the owner of land that meets certain requirements as to size and the amount of timber on the land may apply to have DNR designate the land as MFL. The owner of such land then makes an annual payment that is lower than, and in lieu of, the property taxes that normally would be payable on the land. In exchange, the owner must comply with certain forestry practices and may keep a specific area closed to public access; the remainder of the land must be kept open for recreational activities such as hunting, fishing, and cross-country skiing. For land that the owner keeps closed to public access, the owner must pay a supplemental amount that is in addition to the annual payment described above (closed-land payment).

This bill creates a five-member managed forest land board in DNR. Members of the board include: the chief state forester or his or her designee, one member representing the Wisconsin Counties Association, one member representing the Wisconsin Towns Association, one member representing an association that represents counties that have county forests, and one member appointed from a list of nominees submitted to the governor by the Council on Forestry. This board awards grants to cities, towns, counties, DNR, and nonprofit conservation organizations to acquire land for certain outdoor recreation activities such as fishing, hiking,

sight-seeing, and cross-country skiing. The closed-land payments made by MFL owners fund the grants.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 15.07 (2) (m) of the statutes is created to read:

Mary,
 We would like to have the following drafted:

- ✓ The overview paragraphs -
 First paragraph, third sentence - Suggest that "hiking, sight-seeing" be added after "fishing,". This would provide a full list of authorized activities. Recommended by Kathy Nelson.
- ✓ Second paragraph, second sentence - Suggest that "villages" be inserted between "cities" and "towns". Recently approved legislation has added villages to the MFL statute. Recommended by Kathy Nelson.
- ✓ Second paragraph, second sentence - Suggest that "hunting" be inserted in front of "fishing". This would provide a full list of authorized activities. Recommended by Kathy Nelson.
 Line 17, page 3 - Suggest that the word "villages" be inserted after "town,". Recently approved legislation has added villages to the MFL statute. Recommended by Kathy Nelson.

Thanks so much!

Eric -

The following comments have been received -

Line 1, page 4 - Suggest that "board" be replaced with "department". This is suggested because the department routinely processes the rules even though the board is established within the department. Recommended by Jimmy Christenson.

Lines 15 & 16, page 2 - Suggest that "One member appointed from a list of 5 nominees submitted by the council on forestry" be replaced with "One member to represent private forest landowners in Wisconsin to be selected by the chair of the council on forestry". Recommended by Paul DeLong.

NATURAL RESOURCES

OTHER NATURAL RESOURCES

Under the managed forest land (MFL) program, the owner of land that meets certain requirements as to size and the amount of timber on the land may apply to have DNR designate the land as MFL. The owner of such land then makes an annual payment that is lower than, and in lieu of, the property taxes that normally would be payable on the land. In exchange, the owner must comply with certain forestry practices and may keep a specific area closed to public access; the remainder of the land must be kept open for recreational activities consisting of hunting, fishing, hiking, sightseeing, and cross-country skiing. For land that the owner keeps closed to public access, the owner must pay a supplemental amount that is in addition to the annual payment described above (closed-land payment).

This bill creates a five-member managed forest land board in DNR. Members of the board include: the chief state forester or his or her designee, one member representing the Wisconsin Counties Association, one member representing the Wisconsin Towns Association, one member representing an association that

represents counties that have county forests, and one member appointed from a list of nominees submitted to the governor by the Council on Forestry. This board awards grants to cities, villages, towns, counties, DNR, and nonprofit conservation organizations to acquire land for the same outdoor recreational activities as listed above. The closed-land payments made by MFL owners fund the grants.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 15.07 (2) (m) of the statutes is created to read:

Mary,

Please make the following change to LRB 0393/2:

- On the top of page 4, can we have the department promulgate the rules in consultation with the board? I'm not sure if this would also require a change on the bottom of page 3 regarding the establishment of the program.

Please let me know if you have any questions.

Thanks,

Kirsten
