Customer and Employee Services Division Issues

2007-09 Statutory Language Proposals

Division:	CUSTOMER AND EMPLOYEE SERVICES
Bureau:	CUSTOMER SERVICE AND LICENSING
Issue/Topic:	ALIS Vendor Fees Appropriation
Proposed Change: <i>Mary</i>	This proposal would create an "all moneys received" appropriation referencing the contract entered into under Wis. Stat. s. 29.024(6)(a)4 so that transaction fees collected on behalf of and payable to license vendors can be collected and disbursed from an appropriation specifically for that purpose.
Explanatory Note:	This statutory language request would remove the payment of vendor fees out of the general program operations budget, allowing greater reporting and accountability of the fees owed to the ALIS vendor per contract.
Desired Effective Date:	Effective Date of the 2007-09 Budget.

NATURAL RESOURCES

OTHER NATURAL RESOURCES

Under current law, the Department of Natural Resources may enter a contract with a third party (service provider) to operate a statewide automated system for issuing most hunting and fishing licenses, trapping licenses, and licenses to harvest wild rice and wild ginseng. Under the contract, a portion of each license fee (transaction amount) is paid to the party operating the automated system. Under current law, the license fees are deposited into the conservation fund and the transaction amounts due to the service provider are paid to the service provider from an appropriation that covers customer services such as licensing and registration of snowmobiles. This bill creates a specific appropriation in the conservation fund into which the deducted amounts are credited. The service provider is then paid the amounts due under the contract from this appropriation.
