Add New Schools to the SAGE Program

Please modify the statutes (s. 118.43) to permit DPI to award a fourth wave of contracts under the SAGE program, beginning in the 2008-09 school year. For contracts beginning in the 2008-09, reduce class size to 15 pupils or less in the following manner:

- In 2008-09, in at least grades kindergarten and 1;
- In 2009-10, in at least grades kindergarten to 2; and
- In 2010-11, in grades kindergarten to 3.

only 3 yrs (other waves 5 yrs)

Require the department to give priority to the schools that have the highest percentage of low-income enrollment when awarding the new SAGE contracts.

EDUCATION

PRIMARY AND SECONDARY EDUCATION

Current law allowed an eligible school board to enter into a five-year renewable student achievement guarantee (SAGE) contract with DPI to reduce class size to 15 pupils in grades kindergarten to three in schools with specified low-income enrollment. Eligible schools receive \$2,250 for each low-income pupil enrolled in grades eligible for SAGE funding. The most recent set of SAGE contracts expired at the end of the 2004-05 school year.

This bill authorizes a new installment of renewable, five-year SAGE contracts beginning in the 2008-09 school year. DPI is required to give priority in awarding new SAGE contracts to schools with the highest percentage of low-income pupils.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2

SECTION 1. 118.43 (2) (bt) of the statutes is created to read:

1 118.43 (2) (bt) In the 2008-09 school year, the school board of an eligible school
2 district may enter into a 5-year achievement guarantee contract with the
3 department on behalf of one or more schools in the school district if all of the following
4 apply:

5 1. In the previous school year, the school had an enrollment that was at least
6 30% ^{percent} low income.

7 2. The school board is not receiving a grant under the preschool to grade 5
8 program on behalf of any of the schools under s. 115.45.

9 SECTION 2. 118.43 (2) (e) 1. of the statutes is amended to read:

Hi Erin:

I have a few questions about the instructions for this draft:

1. The instructions do not address the eligibility criteria to be met by schools seeking to participate in the new wave of SAGE contracts. I drafted the bill assuming that the conditions for participation found at Sections 118.43(2)(b) and (bg) apply (See proposed section 118.43(2)(bt)). Sections 118.43(2)(b) and (bg) condition participation on the following:

lps: x
fix tabs please *percents*
— a. the school for which the eligible school district is seeking funding had an enrollment that was at least 30% low income; and

— b. the school district is not receiving a grant under the preschool to grade 5 program under s. 115.45 on behalf of the school.

Are these conditions for participation acceptable?

X 2. The instructions direct the department to give priority in awarding new contracts to schools with the highest percentage of low income pupils. This is not clear.

X
X
X
X
X
X
X
The SAGE contracts are awarded to school districts to distribute to schools which satisfy the eligibility criteria discussed above. Should the priority be given to the *eligible district* with the highest percentage of low-income pupils? To the *eligible district* with the *school* that has the highest percentage of low-income pupils? What if one eligible district has one school with a very high population of low-income pupils and another district has more than one school each of which has a lower percentage of low-income pupils but which has a higher percentage of low-income pupils overall? Should this priority be placed in the initial eligibility paragraph or should the prioritization occur when the funds are being distributed? See, for example, section 118.43(6)(b)6., which required the department to first make payments to school district covered by the first two waves of SAGE contracts, then to districts covered by the third wave, and *within that third wave*, to give priority to schools with the highest percentage of low-income pupils. *5*

Please advise. Because of the confusion surrounding this particular instruction, I have not included the priority requirement in this draft.

3. I made several assumptions about the new wave of contracts.

X ~~_____~~ a. First, I assumed that the Department could enter into contracts with a school district for one or more schools in the district.

~~_____~~ b. Second, I assumed that the fall-back provisions of s. 118.43(2)(e)1. apply, and amended this subdivision to this effect. Under s. 118.43(2)(e)1., if a school board of an eligible school district does not enter into a SAGE contract, a school board of another eligible district that has entered into a SAGE contract (other than MPS) may apply to enter into a contract on behalf of other eligible schools.

X ~~_____~~ c. Third, I assumed that the Department wishes to permit renewals of this fourth wave of SAGE contracts, and amended section 118.43(2)(g) to this effect.

Are these accurate assumptions?

4. The instructions call for a reduction in class size to 15 pupils or less over a three year period as follows:

- ~~_____~~ a. 2008-09, in at least grades K and 1;
- ~~_____~~ b. 2009-10, in at least grades K to 2; and
- ~~_____~~ c. 2010-11, in grades K to 3.

X
X
In the past, the contracts have run for five years, with the reduction in class size in K to 3 occurring over a three-year time period. (See, e.g., 118.43(3)(a)3., (am)3., and (ar)3.). I drafted proposed section 118.43(3)(at)3. to be consistent with prior, 5-year SAGE contracts so that the class reductions in grades K to 3 would occur over years 2010-11 to 2012-13, rather than 2010-11. Is that okay?

5. This draft assumes that each school district that has entered into a SAGE contract under this fourth wave will receive \$2,250 (the amount found at section 118.43(6)(b)9.), multiplied by the number of low-income pupils enrolled in grades eligible for funding in each school in the district covered by the contract. Is that the correct amount?

X
X
X
6. Finally, it came to my attention that subsection ^{(5)(b)} 118.43(5)(b) expired at the close of the 2003-04 school year. This subsection provides for review of progress made by SAGE schools and for the termination of contracts with those schools where insufficient progress has been made. Review is conducted by a committee composed of the state superintendent, the chairpersons of the education committees of the senate and assembly, and the person responsible for SAGE program evaluation under subsection 118.43(7). Does the department wish to extend the committee's authority to review SAGE contracts?

Please let me know whether I have accomplished your intent, if you wish to modify any of the proposed sections, or if this draft has raised additional questions.

Subject: LRB draft 0470/1 - SAGE add new schools

Hi Tracy,

I'm finally getting back to you on your questions for this draft:

- 1) Yes, the two conditions you've included for participation are acceptable; we may increase the low-income threshold to something above 30%, but until that decision is made, let's leave as is. ✓
- 2) Concerning prioritizing schools with the highest percentage of low-income pupils: the emphasis should be on the school, not the district and it should be specified as a condition of eligibility, rather than occurring when funds are distributed. That is, in order to be eligible, a school must meet the low-income threshold and not be receiving preschool to grade 5 grant funds, and on top of that, DPI must select from the pool of eligible applicants those schools with the highest concentrations of pupils in poverty. Does that make sense?
yes
- 3) All of these assumptions are correct, at least for the time being ✓
- 4) Yes, ok as you have drafted. Concerning part b. of your question (fall back provisions under s. 118.43 (2)(e)1., we may need to rethink this in terms of how it interacts with Milwaukee ... see my second question below. For now, however, you can leave the draft as is. ✓
- 5) Yes, this is ok for now, although the amount may change to \$2,500; since that decision is still pending, please leave as you have drafted it for now.
- ok-6) Thank you for pointing this out; I wasn't aware of it. Do not extend the committee's authority to review SAGE contracts at this point. I will have to check to see if there is an interest in extending it.

Two questions:

- 1) Are the changes that you included in the draft under Section 4 & 5 simply for the sake of consistency (that was my interpretation; just checking) ✓
- 2) Do you know whether there would be problems with either targeting the new wave of contracts to one specific district (Milwaukee) or with specifying that the department shall award X number of contracts to a school district operating under ch. 119 [Milwaukee] (and X number of contracts to other eligible districts in the state)? There has been some discussion of really targeting Milwaukee with this new round of contracts, but I don't know if explicitly requiring DPI to award contracts to Milwaukee schools creates legal issues. I think one way around that might be to specify a low-income threshold sufficiently high to exclude most of the schools in the state outside of Milwaukee (for example, in FY06, nearly 40% of schools in Milwaukee had a FRPL eligibility of 81% or more, compared to 5.6% of all schools statewide, and less than 2% of schools outside of Milwaukee).
over

per Erin 1/4/07: hold off for now.

And finally, one NOTE: I will be sending over a new drafting request either today or early next week that will include a reference to expanding the SAGE program, but will specify that funding for the new contracts will come from a new appropriation; in short, the request will be to create a new SEG fund, supported with revenues transferred from the state's share of the Real Estate Transfer Fee; the new fund will be used to pay for the expansion of the SAGE program as well as some other new K-12 initiatives in DPI. I am not sure if the best way to do this is to keep the language surrounding new SAGE contracts in a separate draft from the language surrounding fund source for the new contracts, or to re-create the language in draft 0470 in the newly requested draft and keep them going as parallel drafts ... something we'll want to discuss when you see the new drafting request.

Ok, enough SAGE – Happy Holidays!!

PRIMARY AND SECONDARY EDUCATION

Current law allowed an eligible school board to enter into a five-year renewable student achievement guarantee (SAGE) contract with DPI to reduce class size to 15 pupils in grades kindergarten to three in schools with specified low-income enrollment. Eligible schools receive \$2,250 for each low-income pupil enrolled in grades eligible for SAGE funding. The most recent set of SAGE contracts expired at the end of the 2004-05 school year.

This bill authorizes a new installment of renewable, five-year SAGE contracts beginning in the 2008-09 school year. DPI is required to give priority in awarding new SAGE contracts to schools with the highest percentage of low-income pupils.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2

SECTION 1. 20.255 (2) (cu) of the statutes is amended to read:

Hi Tracy,
On the expanding the SAGE program draft (0470/P3), this is what we'll do:

- Remove 118.43 (2)(bt)1. [the 30% low income pupils threshold], and instead:
- Required DPI to give priority to the schools with the highest percentage of low income pupils when awarding the grant
- You can go ahead and delete the very last sentence of Section 8 of the draft.
