Exempt teacher improvement activities from revenue limits

- Under s. 121.91, create an exemption from school revenue limits for property taxes levied to pay for expenses incurred by school districts related to implementing teacher improvement related activities under DPI's Administrative Rules, Chapter 34 (PI-34). [This may get more specific but for now this is all I have to work with].
- Make the exemption first effective for the revenue limit calculation for the 2007-08 school year.

If you have any questions, please call me at 6-5468, or send me an email at [erin.fath@wisconsin.gov](mailto:erin.fath@wisconsin.gov)

FOR 2007-09 BUDGET -- NOT READY FOR INTRODUCTION

*Do NOT Gen Cat.*

1 AN ACT...; relating to: the budget

*Analysis by the Legislative Reference Bureau*

**EDUCATION**

**PRIMARY AND SECONDARY EDUCATION**

Current law generally limits the increase in the total amount of revenue per pupil that a school district may receive from general school aids and property taxes in a school year to the amount of revenue increase allowed per pupil in the previous school year increased by the percentage change in the consumer price index. Several exceptions are provided. For example, if a school district increases the services that it provides by adding responsibility for providing a service transferred to it from another governmental unit, its revenue limit is increased by the cost of that service.

This bill provides that, beginning in the 2007-08 school year, a school district's revenue limit in any school year is increased by the amount of property taxes levied for that school year for the purpose of paying for teacher improvement activities, established by DPI by rule, for initial educators. An initial educator is defined by rule as an individual who has successfully completed an approved professional education program and who is licensed by the department for the first time in a particular level or category.

Hello again Tracy,

I've been asked to get more specific with this revenue limit exemption. Please make the following changes:

1. On line 4, please replace the last word (improvement) with mentoring [teacher mentoring activities] ✓
2. Limit the amount that may be exempted to no greater than \$2,160 per initial educator, less any amount received by the school district for that initial educator under s. 115.405 (2m). There is no limit on the number of initial educators per district for which the exemption may be taken.
3. Change the initial applicability date to the calculation of a school district's revenue limit for the 2008-09 school year. ✓

Please call me with any questions – thanks!
