Representative Albers:

It seems as though the senate version of the budget adjustment bill, SB-39, might be the one that ends up being considered by both houses, so I have drafted your amendment to the senate bill, as well as to the assembly bill.

This amendment to the senate bill was drafted before the senate completed its action on the bill. It is possible that this amendment will not work properly because of senate action on the bill. I will try to keep up with senate action on the bill and to draft another amendment to the senate bill if necessary.
