David:

Please see my organization changes regarding the extension of peace officer exemptions to only state-certified GLIFWC wardens. I think that the changes are clearer. For instance, in the original created s. 941.23 (2), the statement "sub. (1) applies" is unclear because what part of sub. (1) applies--the general prohibition or the limited exemption? Also I was confused by a prohibition that applies to all persons except peace officers and then, in a later provision, except to some peace officers. I am not sure if the language should be improved--there might be a better way such as "applies to all peace officers except to commision wardens who are not state-certified" or something like your treatment of s. 941.298 (3) (a). OK?
