Rep Sheryl Albers  
Elizabeth Piliouras, office of Senator Breske  
Kurt Simatic, office of Rep. Albers  
Jonathan Klein, office of Sen. Schultz  
Curt Witynski, League of WI municipalities  
Date 8 March 2007  
Re NEV bill draft request

This follows my voice mail to you on 7 March. We request a bill draft, trailer legislation to last session's Act 329.

We want to create state registration and end municipal registration. NEVs will be registered in the existing category that includes mopeds.

The contact person for this at DOT is Paul Nilsen, 1-0126.

For the relatively few NEVs already with municipal registration, we want to facilitate transfer of registration by adding a provision so that a holder of a municipal registration can send proof of that to DOT and in return DOT will register the vehicle at no cost for the normal registration period for mopeds.

Due to considerable level of interest, based on inquiries we are receiving from municipalities and law enforcement agencies, please provide me an estimated time frame for returning a draft.

Please contact me with any questions.

Thank you.  
-----

Some of the advantages of state registration:

Resolves law enforcement concerns because:

- NEV operators would no longer be in violation of 341.04(1) stats – operating an unregistered motor vehicle
- NEV will become a statutorily defined motor vehicle, facilitating enforcement of rules of the road – a safety concern
- Accident reporting will now be facilitated as required per s. 346.70(4), stats. – also addressing current questions about uninsurability
- Theft investigation and recovery of a stolen/abandoned NEV is facilitated.

An NEV could be operated in any municipality that has enacted an enabling ordinance

Municipalities will be relieved of the administrative burden of registration record management

The moped registration fee is less than what we have seen most municipalities establish

WisDOT agreements per Section 86.32(1), states with municipalities to facilitate operation of NEVs on or across a state trunk highway or connecting highway is expected to be forthcoming

NEV purchase financing will be facilitated because liens and loan securitization is possible with a registered motor vehicle.
