

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRBa0687/1dn
TKK:jld:rs

September 5, 2007

Representative Gottlieb:

At your request, this amendment eliminates the initial applicability provision of SB-1, which provided that the act applies to a gift, bequest, or endowment made after the effective date of the act. However, a statute will be presumed to apply prospectively unless the statute clearly reveals an intent to apply retroactively. Removing the initial applicability provision, therefore, will not likely have an effect on the initial applicability of the statute. Is that your intent?
